Office of Cost Determination
14314-165th PL SE
Renton, WA 98059

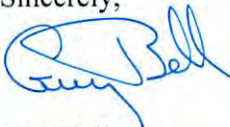

Dear Mr. Campbell,

Enclosed is the FY 2011 Indirect Cost Proposal for the Alaska Department of Labor and Workforce Development. Based on guidance resulting from the American Reinvestment and Recovery Act (ARRA), costs associated with ARRA including administrative oversight of these funds have been separated out of existing indirect cost pools. The department has decided to use state general funds to pay for the ARRA administrative oversight costs instead of developing a separate indirect cost rate.

In addition, the new allocation methodology for Unemployment Insurance Penalties and Interest costs is included in Appendix H of this year's proposal.

If there is additional information needed, please feel free to contact JoAnn Pelayo, Finance Officer, Administrative Services Division, at (907) 465-5987 or William Endicott, Assistant Director, Administrative Services Division, at (907) 465-5982.

Sincerely,

Guy Bell

SECTION I
INTRODUCTION

INTRODUCTION

This document comprises the indirect cost rate proposal for the Alaska Department of Labor and Workforce Development for the Department's fiscal year beginning July 1, 2010 and ending June 30, 2011 (FY 2011). The Proposal has been developed to support the approval of a FY 2011 Department-wide fixed indirect cost rate and FY 2011 Vocational Rehabilitation Division fixed indirect cost rate by the U.S. Department of Labor.

The Proposal has been prepared in accordance with U.S. Office of Management and Budget Circular A-87 (OMB A-87), *"Cost Principles for State, Local and Indian Tribal Governments"*. OMB A-87 establishes principles and procedures for the allowability and recovery of both direct and indirect costs on federally funded programs. In order for a government entity to recover the costs of administrative and support services (indirect costs) on federally funded grants and awards, OMB A-87 requires an indirect cost rate proposal to be prepared annually and submitted to the entity's cognizant federal agency for review and approval. The Department's cognizant federal agency is the U.S. Department of Labor (USDOL).

Proposal financial and supporting information required by OMB A-87 and USDOL to be included in an indirect cost rate proposal have been included in this submission. The information is presented in the following Proposal sections and appendices:

- Section II: Certificate of Indirect Costs** - Certificate signed by an authorized Department official certifying the Proposal has been prepared in accordance with applicable policies and procedures of OMB A-87.
- Section III: Organization Overview** - Description of the responsibilities, services, and funding of the Department's divisions and programs.
- Section IV: Cost Policy** - Statements on the Department's cost policies, and descriptions of procedures and methods used to assign costs to benefiting programs and funding sources.
- Section V: Financial Information** - Schedules providing the Department's actual expenditures for the fiscal year ended June 30, 2009 and budgeted expenditures and funding for the fiscal year ending June 30, 2011.
- Section VI: Classification of Costs** - Schedule providing the Department's classification of costs as either direct or indirect, and supporting schedules for costs classified as indirect costs.
- Section VII: FY 2011 Department-Wide Fixed Indirect Cost Rate** - Schedules providing the calculation of the FY 2011 Department-wide indirect cost rate.

- Section VIII: FY 2011 Vocational Rehabilitation Fixed Indirect Cost Rate** - Schedules providing the calculation of the FY 2011 Division of Vocational Rehabilitation indirect cost rate.
- Section IX: Allocated Costs** - Description of the methodology and bases utilized to allocate costs benefiting more than one program.
- Appendix A: Organization Charts** - FY 2011 Department organization charts.
- Appendix B: Chart of Accounts** - FY 2011 Department chart of accounts.
- Appendix C: FY 2009 and FY2011 Leases** – Copy of FY2009 lease costs and FY2011 budgeted costs that show state paid versus component costs by lease that have been claimed as indirect costs.
- Appendix D: FY 2009 Legislative Audit** – Copy of FY2009 billings by the State of Alaska Legislative Audit that have been claimed as indirect costs.
- Appendix E: FY 2009 AKSAS/AKPAY Unbilled** – Copy of FY2009 unbilled AKSAS/AKPAY usage by the Department of Administration, Division of Finance, that have been claimed as indirect costs.
- Appendix F: FY 2009 Statewide Cost Allocation Plan Agreement** – Copy of the FY2009 statewide cost allocation plan agreement identifying the Department’s FY 2009 fixed state-wide costs.
- Appendix G: Tax Collection Activity** – Description of the Department’s tax collection activity.
- Appendix H: Unemployment Insurance Penalties and Interest Activity** – Information on the Department’s Unemployment Insurance penalties and interest activity.
- Appendix I: Income Eligibility Verification System** – Information on the Department’s income eligibility verification system.
- Appendix J: Trend Analysis, Fiscal Years 2010 and 2011** – Analysis on projected Department overhead with variances.

SECTION II
CERTIFICATE OF INDIRECT COSTS

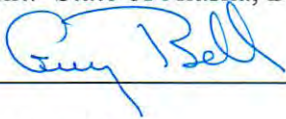

STATE OF ALASKA
DEPARTMENT OF LABOR AND WORKFORCE DEVELOPMENT
CERTIFICATE OF INDIRECT COSTS

This is to certify that I have reviewed the indirect cost rate proposal submitted herewith and to the best of my knowledge and belief:

- 1) All costs included in this proposal to establish fixed indirect costs rates for the fiscal year July 1, 2010 through June 30, 2011 are allowable in accordance with the requirements of the Federal award(s) to which they apply and OMB Circular A-87, "*Cost Principles for State and Local Governments.*" Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.
- 2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the agreements to which they are allocated in accordance with the applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently and the Federal Government will be notified of any accounting changes that would affect the predetermined rate.

I declare that the foregoing is true and correct.

SECTION III
ORGANIZATION OVERVIEW

ORGANIZATIONAL OVERVIEW

The Department is comprised of the Office of the Commissioner, the Alaska Labor Relations Agency, and seven divisions: Administrative Services, Workers' Compensation, Labor Standards and Safety, Employment Security, Business Partnerships, Vocational Rehabilitation, and the Alaska Vocational Technical Center. Divisions are comprised of components. Brief descriptions of division and component responsibilities, services, and funding are provided in the following text. FY 2009 actual expenditures, and FY 2011 budgeted expenditures and funding information for each division and component are provided in Section V, Financial Information, of the Proposal. Organization charts are provided in Appendix A.

Office of the Commissioner

The mission of the Office of the Commissioner is to provide support and policy direction to divisions within the Department. The Commissioner, Deputy Commissioner and their support staff are responsible for ensuring the overall coordination and accomplishment of the Department mission and responsibilities. The Commissioner and Deputy Commissioner, in cooperation with division directors, provide policy direction and management oversight of all Department activities. Strong direction from the Commissioner's Office is critical to the success of the services provided by the Department.

Alaska Labor Relations Agency

The mission of the Alaska Labor Relations Agency is to administer the Public Employment Relations Act and the labor relations' provisions of the Alaska Railroad Corporation Act. The Agency promotes cooperative relations between government and its employees, and protects the public by assuring effective and orderly operations of government. Agency services include:

- Conducting elections on union representation for collective bargaining.
- Investigating unfair labor practice complaints, unit composition disputes, representation and other issues.
- Providing mediation and conciliation services where appropriate.
- Conducting pre-hearing conferences, hearings, and issue decisions.
- Considering employee claims for religious exemption from the obligation to pay monthly union dues.

- Determining strike class eligibility of employees.
- Conducting periodic public meetings and training.

Administrative Services Division

The mission of the Division of Administrative Services is to provide support to the Department's programs. The Division provides centralized support services, assists in formulation of operating policies, and develops and implements management procedures for the Department. The Division is comprised of five components: Management Services, Human Resources, Leasing, Data Processing, and Labor Market Information.

Management Services Component

The mission of the Management Services Component is to provide for efficient and effective administrative services in support of the Department's programs. The Component provides budget planning, monitoring and reporting; federal and state accounting and reporting; human resource management; and procurement, mail and office space management for Department programs.

Workers' Compensation Division

The mission of the Division of Workers' Compensation is to ensure that injured Alaska workers receive benefits as defined by law. The Division assures that employees are properly compensated for their work related injuries or illnesses and that the employers' rights are protected; properly monitor payments to and from the Second Injury Fund to assure the viability and stability of the fund; and increases communication and create efficiencies to reduce the financial burden on fishermen. The Division is comprised of five components: Workers' Compensation, Workers' Compensation Appeals Commission, Workers' Compensation Benefit Guaranty Fund, Second Injury Fund, and Fishermen's Fund.

Workers' Compensation Component

The Workers' Compensation Act, enacted in 1962, established a Board, currently consisting of 15 members, which helps establish policy regarding its mission, approves regulations, and adjudicates disputes between employers and employees. The Workers' Compensation Component is the administrative arm of the Alaska Worker's Compensation Board, enforcing the Workers' Compensation Act. The Component investigates uninsured employers, tracks and records all aspects of workers' compensation and provides information as requested. Other services include mediating workers' compensation disputes between employees and employers and attempting to resolve them informally. The Component conducts pre-hearings and formal hearings, issues formal decisions and orders that are appeal able to the courts, administers the volunteer reemployment benefits program and provides for general compliance with the Act.

1157: Workers Safety and Compensation Administration Account

Workers' Compensation Appeals Commission Component

The Workers' Compensation Appeals Commission Component provides for the quick and fair resolution of appeals from the final decisions and orders of the Workers' Compensation Board. The Commission was established in 2005 and is tasked with the need to set up procedures, monitor the results and modify them as necessary to ensure appellants receive a speedy hearing. The Commission is the exclusive and final authority for determining all questions of law and fact arising out of the Alaska Workers' Compensation Act. On matters taken to the Commission, the decision of the Commission is final and conclusive, unless appealed to the Alaska Supreme Court.

Workers' Compensation Benefits Guaranty Fund Component

The Workers' Compensation Benefits Guaranty Fund Component provides for paying benefits (both medical and weekly disability compensation) to workers who have been injured while working for an employer that was not in compliance with the workers' compensation act. Payment of medical benefits allows workers to receive prompt medical care allowing them to recover and return to work. The Fund was established in 2005, and therefore the division will need to monitor employers for compliance, assess penalties under the law and set up procedures for paying benefits to eligible workers. Since it is possible the funds needed to pay benefits may exceed the amount available in the Fund, procedures need to be developed to ensure a fair dispersal of the available funds.

Funding Sources:

Second Injury Fund Component

The Second Injury Fund Component ensures that workers' compensation insurance premiums for employees suffering from a condition caused by an earlier injury are equivalent to those of able-bodied workers. The Component provides an incentive for employers to hire or retain an injured or disabled worker by helping to maintain insurance premiums for handicapped employees that are equivalent to those of able-bodied workers by limiting the liability of an employer in regards to the amount of compensation, which is paid when a disabled employee is involved in a second injury. Component staff determines whether or not a Petition to Join Second Injury Fund (SIF) reimburses the employer for time loss benefits paid beyond 104 weeks. Also, staff monitors all claims being reimbursed by the Fund, deposits and credits Fund contributions and assesses penalties for the filing of late compensation reports.

Fishermen's Fund Component

The Fishermen's Fund Component provides for the care and treatment of Alaska commercial fishermen whose injuries or illnesses are directly connected to operations as fishermen on shore or in Alaska waters. The Fishermen's Fund was established in 1951 and provides funds for the care and treatment of Alaska licensed commercial fishermen whose injuries or illnesses are directly connected to operations as fishermen. The Fund is not an insurance program, but an emergency fund payer of last resort for medical costs.

Labor Standards and Safety Division

The mission of the Division of Labor Standards and Safety is to provide safe and legal working conditions. This Division provides oversight, enforcement, consultation and training services relating to wage and hour laws, employment preference, child labor laws, and occupational safety and health; licensing enforcement of construction contractors, and electrical and mechanical administrators; certification of electricians, power linemen, plumbers, blasters and painters; certification and training for individuals who work with toxic and hazardous substances; and inspections of electrical and mechanical systems for code compliance. The Division is comprised of four components: Wage and Hour Administration, Mechanical Inspection, Occupational Safety and Health, and the Alaska Safety Advisory Council.

Wage and Hour Administration Component

The Wage and Hour Administration Component ensures that employees are justly compensated for their work, safeguards workers from unscrupulous employment practices, and ensures that children are not exploited by employment in dangerous occupations. Collection of wages for employees, who have not been properly paid, is performed by a staff of investigators and technicians in three regional offices statewide, who investigate underpayment, or nonpayment, of wages earned or benefits accrued. Child labor laws are enforced by the investigative and technical staff that review and approve or deny work permits for all minors employed in the state. Investigators visit employers in each of the three major regions to check for understanding of, and compliance with, the child labor laws. Enforcement of employment preference and prevailing wage laws is accomplished through audits of certified payrolls for public construction projects. Investigative staff educates employers and employees about their rights and obligations under Alaska labor laws through employer visits, seminars, briefings and other forums.

Mechanical Inspection Component

The Mechanical Inspection Component protects the public safety by providing oversight and inspection for hazards related to boilers, pressure vessels, elevators, escalators, wheelchair lifts, recreational devices, electrical and plumbing installations statewide; and by testing and licensing people associated with some of these activities. Component services include:

- Issuance of certificates of fitness for validating the qualifications of electricians, power linemen, plumbers and boiler operators.
- Inspection of boilers and pressure vessels for safety.
- Inspection of new construction, and alterations to existing construction, for compliance with applicable state plumbing and electrical codes.
- Inspection of new and existing elevators, escalators, tramways, ski lifts and amusement rides for safety, proper maintenance and operation.
- In conjunction with the Department of Community and Economic Development, ensuring electricians, plumbers, construction contractors and electrical/mechanical administrators have proper certificates and/or licenses.

Occupational Safety and Health Component

The Occupational Safety and Health Component works in partnership with Alaskan employers and workers toward eliminating workplace injuries, illnesses and deaths and to assist employers in complying with state and federal regulations relating to occupational safety and health. Component services include:

- Providing for prompt elimination or restraint of imminent danger situations and investigate employee complaints, work-related fatalities and catastrophes.
- Completing compliance inspections in accordance with state and federal mandates, without advance notice, to assess workplace safety and health, and issue citations if necessary.
- Preparing, adopting, amending, or repealing general and specific safety and health standards governing the conditions of employment in all workplaces to be "as stringent" as those adopted or recognized by the United States Secretary of Labor under the authority of the Occupational Safety and Health Act of 1970.
- Protecting employees against discharge or discrimination for exercising the rights afforded by the Alaska Occupational Safety and Health (AKOSH) standards.
- Encouraging voluntary compliance by employers and employees in reducing the number of safety and health hazards at their work places through consultative on-site visits, and providing employers and employees training on state and federal regulations.
- Processing employer requests for variances from existing standards.
- Compiling and disseminating statistical information on program activity for department and state administrators and the federal Occupational Safety and Health Administration (OSHA).
- Issuing certificates of fitness for validating the qualifications of painters, asbestos abatement workers, and explosive handlers; and auditing asbestos abatement and explosive handlers training programs.

Alaska Safety Advisory Council Component

This component exists solely to fund the annual Governor's Safety and Health Conference that presents three days of occupational safety and health seminars to business owners, managers, supervisors and employees, and is funded by receipts from attendees and businesses that choose to participate. In addition to sponsoring the annual conference, the Alaska Safety Advisory Council works with organizations, individuals, and groups that are interested in the promotion of safety to reduce accidental death and injury. The Council provides assistance to the Departments of Labor, Transportation and Public Facilities, Public Safety, Education, Natural Resources, Health & Social Services and various other state and federal organizations by making recommendations regarding safety, health and occupational injury issues. It also recommends statutory or regulatory changes needed to ensure occupational safety and health.

Division of Vocational Rehabilitation

The Division of Vocational Rehabilitation (DVR) is a combined federal/state program under the authority of the Rehabilitation Act of 1973, as amended in 1998. The Division works to assist in accomplishing the individualized goals of each person with a disability. A full array of vocational rehabilitation services, independent living services, support and assistance in employment, assistive technology, and referrals are offered. In partnership with other state agencies, private sector businesses, vendors, and non-profit organizations, individuals are assisted and encouraged in realizing their potential and personal independence as full participants and citizens in their community. Employers are provided trained and willing workers able to do the job. The Division also provides training to employers on hiring practice changes and training, and assistance regarding the Americans with Disabilities Act.

The Division adjudicates claims on behalf of the Social Security Administration for Title II and Title XVI applicants for disability benefits and provides referrals for services. In addition, the Division is the agency responsible for executive branch compliance with the Americans with Disabilities Act and Administrative Order #129.

Vocational Rehabilitation Administration Component

The Vocational Rehabilitation Administration Component provides administrative oversight and support for all programs and activities of the Division. Component services include:

- Identification of federal and state resources necessary to operate programs;
- Liaison with other public and private agencies;
- Communications within and outside the organization;
- Policy direction for all components within the Division;

Client Services Component

The Client Services Component provides direct services to individuals with disabilities. Services funded from this Component are planned and delivered for the purpose of assisting individuals with disabilities who are in need of vocational rehabilitation to prepare for and acquire employment in the competitive labor market. Guidance and counseling funds enable vocational rehabilitation counselors, assistants, and support staff to provide direct services to individuals with disabilities. Case services funds are used to purchase services for individuals with disabilities who are eligible for vocational rehabilitation. Federal law requires the provision of a variety of services to meet the individual vocational needs of a person with a disability.

Disability Determination Component

The Disability Determination Component provides efficient adjudication of claims for disability benefits under the Title II and Title XVI of the Social Security Act. Disability Determination Services (DDS) is 100% federally funded by the Social Security Administration. The DDS operates as a federally regulated agency. Adjudication services are also provided for the Department of Health and Social Services, Division of Public Assistance through a Reimbursable Services Agreement (RSA). The DDS is responsible for obtaining medical records, and in certain situations purchasing medical exams in order to adjudicate these disability claims. The DDS adjudicates approximately 5,400 disability claims a year, including medical reviews of those people already receiving disability payments.

SECTION IV
COST POLICY

COST POLICY

The State of Alaska maintains a statewide accounting system (AKSAS) that identifies all expenditures by department, type of cost, and appropriation or funding source. Within AKSAS, the Department of Labor and Workforce Development maintains a cost accounting system that identifies costs by division, component, program, and funding source. Costs recorded in AKSAS are identified by appropriation and collocation codes. The State's fiscal year is July 1st through June 30th. The State utilizes a modified accrual basis for accounting and financial statements.

Accounting Policies

The Department incurs and records costs in accordance with State of Alaska fiscal policies and procedures. State policies and procedures have been developed in accordance with generally accepted accounting principles as recognized by the Governmental Accounting Standards Board. Department procedures and controls are routinely reviewed for compliance with applicable state and federal accounting policies and procedures by the State of Alaska, Office of the Legislative Auditor and federal program auditors.

Due to the funding of Department programs by both state and federal funding sources, two sets of principles have been incorporated into the Department's policies and procedures related to the assignment of costs to funding sources. Principles related to all funding sources are incorporated within generally accepted accounting principles (GAAP) as recognized by the Governmental Accounting Standards Board (GASB). In addition, principles and procedures which have been followed for the adjustment of costs to Federal awards are presented in U.S. Management and Budget Circular A-87 (OMB A-87), "*Cost Principles for State, Local and Indian Tribal Governments*".

GAAP Principles

There are three basic concepts incorporated within GAAP that are followed: First, costs are necessary and reasonable for proper performance of a program. Second, costs are charged or allocated to programs in accordance with relative benefits received. A program is only charged for services it utilizes or benefits from, and is only charged in relation to benefits derived from the service. Third, costs are accorded consistent treatment as either direct or indirect. A cost is not charged to a program as a direct cost if any other costs incurred for the same purpose in like circumstances have been allocated to a program as indirect costs.

OMB A-87 Principles

In recognition of OMB A-87 requirements, Department costs are determined and charged to federal awards in accordance with the following OMB A-87 general criteria:

- Costs are necessary and reasonable for proper and efficient performance and administration of federal awards.

- Costs are allocable to federal awards under the provisions of the Circular. Costs have been allocated to a particular cost objective only if the goods or services involved are chargeable or assignable to such cost objective in accordance with relative benefits received.
- Costs are authorized or not prohibited under state or local laws or regulations.
- Costs conform to any limitations or exclusions set forth in OMB A-87 principles, federal laws, terms and conditions of the federal award, or other governing regulations as to types or amounts of cost items.
- Costs are accorded consistent treatment. A cost has not been assigned to a federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the federal award as an indirect cost.
- Except as otherwise provided for in OMB A-87, costs have been determined in accordance with generally accepted accounting principles.
- Costs have not been included as a cost or used to meet cost sharing or matching requirements of any other federal award in either the current or a prior period, except as specifically provided by federal law or regulation.
- Costs are net of all applicable credits.
- Costs are adequately documented.

Types of Costs

The Department in the performance of its duties and responsibilities incurs both direct and indirect costs. Direct costs are costs that can be specifically or readily identified with a specific cost objective or program. Indirect costs are costs necessary for the effective, efficient operation of programs that cannot be readily identified to a specific cost objective or program without effort disproportionate to results achieved. Three methods are used to assign costs: direct cost assignment, cost allocation, and application of indirect cost rates.

Direct Cost Assignment

The majority of the Department's costs are costs that are specifically or readily identifiable with a specific component or program. All direct costs are supported by auditable documentation.

- Salaries and wages are charged directly to appropriate component based on state policies and procedures, and applicable OMB A-87 requirements for the documentation of personnel services.
- Fringe Benefits are identified specifically to each employee and are assigned to components in the same ratio as an employee's salary. Fringe benefits include:

- Health, dental and life insurance
 - Federal and state unemployment insurance
 - Public Employee Retirement Plan
 - Alaska Supplemental Benefits - in lieu of Social Security benefits
 - Legal Trust Plan
 - Workers' compensation
 - Terminal leave (a reserve account used to pay terminating employees the unused balance of their leave account)
 - Leave cash-in (a reserve account used to pay employees when they cash in leave in lieu of taking time off)
- Other - All other direct costs are supported by vendor invoices, contracts, reimbursable service agreements and other appropriate documentation.

Cost Allocation

The Department allocates costs benefiting more than one program/division that cannot be readily identified with a specific program. Costs are allocated as they occur based on appropriate allocation bases. Costs allocated to central administrative and support units, and division administrative units are included in the development of indirect cost rates. Examples of allocated costs are leave costs of personnel charged to multiple funding sources, leased space, communications, photocopying, equipment maintenance agreements, risk management insurance, and office supplies. Section IX, Allocated Costs, of the Proposal provides information on allocated costs and bases utilized to allocate costs.

Indirect Cost Rate

The Department utilizes indirect cost rates prepared in accordance with OMB A-87 to recover some statewide costs and the costs of Department-wide central administrative support services and Division of Vocational Rehabilitation administrative support costs. The Department-wide indirect cost rate includes OMB A-87 allowable costs of the Office of the Commissioner, Division of Administrative Services, Alaska Vocational Technical Education Center, and other administrative support costs benefiting all divisions, programs and funding sources of the Department. Section VII, FY 2011 Department-wide Fixed Indirect Cost Rate, provides the rate proposed for FY 2011. Section VI, Classification of Costs, provides information on costs that are included in the Department-wide indirect cost rate.

The Division of Vocational Rehabilitation (DVR) indirect cost rate includes Division administrative support costs that benefit all programs administered by DVR. Section VIII, FY 2011

Division of Vocational Rehabilitation Fixed Indirect Cost Rate, provides the rate proposed for FY 2011. Section VI, Classification of Costs, provides information on costs that are included in the DVR indirect cost rate.

This concludes the section of the proposal on the Department's Cost Policy.

SECTION V
FINANCIAL INFORMATION

FINANCIAL INFORMATION

Schedules in this Section provide the Department's actual expenditures for the fiscal year ended June 30, 2009 and budgeted expenditures and funding for the fiscal year ending June 30, 2011. All subsequent schedules in the Proposal reconcile to the Schedules presented in this Section. The schedules are provided following a brief description.

FY 2009 Actual Expenditures

Schedule V-A, Actual Expenditures for the Fiscal Year Ended June 30, 2009, provides the Department's total operating expenditures for the fiscal year ended June 30, 2009 as recorded in AKSAS. The Schedule provides expenditures by Component within the respective Division. Expenditures are presented at the following six main cost categories:

- Personal Services (71000) - employee wages, benefits and other payroll related costs.
- Travel (72000) - transportation, per diem and other costs related to state travel.
- Other Services and Charges (73000) - includes, but not limited to, professional services contracts, utilities, leases and rentals, communication, motor pool charges, freight, loan and service fees, minor repair and maintenance costs.
- Supplies (74000) - includes operating supplies, office supplies, small tools and non-capitalized equipment.
- Capital Outlay (75000) - includes equipment, land, structures, and depreciation.
- Assistance (77000) - includes grants, benefits and other non-exchange transactions paid by the state to individuals and other entities.

FY 2011 Budgeted Expenditures

Schedule V-B, Budgeted Expenditures for the Fiscal Year Ending June 30, 2011, provides the Department's total budgeted expenditures for the fiscal year ending June 30, 2011 as presented in the Department's FY 2011 Governor's Budget. The Schedule provides expenditures by Component within the respective Division. Expenditures are presented at the same six cost categories as Schedule V-A.

FY 2011 Budgeted Funding

Schedule V-C, Budgeted Funding for the Fiscal Year Ending June 30, 2011, provides the Department's total budgeted funding for the fiscal year ending June 30, 2011 as presented in the Department's FY 2011 Governor's Budget. The Schedule provides funding by Component within the respective Division. Information on the source of funding for each Component is provided in Section III, Organizational Overview. Funding sources are summarized as follows:

- Federal ARRA (1212) - federal stimulus funding provided via the American Recovery and Reinvestment Act of 2009 signed February 17, 2009.
- Federal (1002) - federal funding provided to the Department.
- General Fund - includes the following general fund account codes:
 - General Fund Match (1003) - required general revenue fund match for federal programs.
 - General Fund Receipts (1004) - appropriation from the general revenue fund not required as a match for federal programs.
 - General Fund/Program Receipts (1005) - receipts for services provided by programs funded by general fund appropriations.
- Inter-Agency (I/A) Receipts (1007) - receipts for contractual services from other Department appropriations/programs and other state agencies.
- Employment Training - the State Employment and Training Program (1054). The State Training and Employment Program (STEP) account, AS 23.15.625. STEP generates revenue through the diversion of a portion of employee unemployment insurance tax payments (0.1 percent of covered wages) AS 23.15.630.
- Workers Safety - the Workers Safety and Compensation Administration Account (1157). A percentage of premiums paid for insurers or a percentage of benefits paid by self-insurers AS 23.05.067.
- Second Injury - the Second Injury Fund Reserve Account (1031). A percentage of indemnity benefits paid by insurers and employers AS 23.30.040.
- Other - includes the following funding sources:
 - Fishermen's Fund Reserve Account (1032) - A percentage of fishermen's license and the equivalent from commercial fisheries entry permits AS 23.35.
 - Training and Building Fund (1049) - The fund was established under AS 23.20.130(d). Funds are derived through the collection of interest and penalties from past due unemployment insurance tax payments, penalties for failure to file reports, and penalties for nonpayment of taxes AS 23.20.185, AS 23.20.190 & AS 23.20.195.
 - Capital Improvement Project Receipts (1061) – Capital Improvement receipts that are designated to specific projects.
 - Statutory Designated Program Receipts (1108) - Program receipts that are designated to specific programs.

- Vocational Rehabilitation Small Business Enterprises Fund (1117) - State Small Business Enterprise - receipts are commissions from vending machines located in state and public occupied buildings, AS 23.15.130. Randolph Sheppard Small Business Enterprise - receipts are commissions from vending machines located in federal buildings, AS 23.15.133.
- Technical Vocational Education Program Account (1151) - The Alaska Technical and Vocational Education program generates revenue through the diversion of a portion of employee unemployment insurance tax payments (0.1 percent of covered wages), AS 23.15.835.
- Receipt Supported Services (1156) - Collection of student registration, training fees, room rental and food service fees. Receipt of First Alaskan foundation grant and receipts for providing specific training services, AS 14.07.030.
- Building Safety Account (1172) - Fees from inspectors of boilers, pressure vessels and lifting devices such as elevators. Also includes fees from certificate of fitness for plumbers and electricians.
- Workers' Compensation Benefits Guarantee Fund (1203) – The fund is composed of civil penalty payments made by employers under AS 23.30.080, income earned on investment of the money in the fund, money deposited in the fund by the department, and appropriations to the fund, if any.

This concludes the description of the schedules provided in this Section. The schedules are provided on the following pages.

SECTION VI
CLASSIFICATION OF COSTS

CLASSIFICATION OF COSTS

For the development of indirect cost rates, the Department classifies costs as either direct costs, Department-wide indirect costs or division indirect costs. Direct costs are costs that can be specifically or readily identified with a specific cost objective or program. Department-wide indirect costs are costs necessary for the effective, efficient operation of all department programs that cannot be readily identified to a specific cost objective or program without effort disproportionate to results achieved. Division indirect costs are administrative and support costs of a division that benefit all programs administered by a division.

Schedules are provided in this Section that supports the classification of all Department costs. All schedules reconcile to Department expenditure schedules provided in Section V, Financial Information. A brief description of each schedule is provided in the following text. Schedules are provided following the narratives.

Schedule VI A: Classification of FY 2009 Total Actual Costs

The Schedule provides the classification of the Department's total costs for the fiscal year ended June 30, 2009. The Schedule reconciles to Schedule V-A, Actual Department Expenditures for the Fiscal Year Ended June 30, 2009, in Section V of the Proposal. The Schedule also identifies additional non-Department financial statement costs that have been incurred on behalf of Department programs. Schedule information is utilized in the determination of the FY 2009 carry-forward adjustments, which are included in the development of FY 2011 fixed indirect cost rates. The Schedule is formatted as follows:

- Organization Unit - brief title of divisions and components comprising each division.
- Support Schedule - support schedule providing detail information on costs that have been classified as department-wide or division indirect costs.
- Total Costs - total costs of the Department that reconciles to Schedule V-A in Section V of the Proposal.
- Direct Costs - costs specifically or readily identifiable with a specific program.
- Department-Wide Indirect Costs - indirect costs benefiting all programs of the Department.
- Division Indirect Costs - indirect costs benefiting all programs of a division.
- Total Indirect Costs - total costs classified as indirect costs.

Support Schedules

Support schedules and/or information are provided for each component and costs that has been classified as indirect. Schedules on the components are formatted as follows:

- Description - brief description of cost category.
- Total Costs - total component costs that reconciles to Schedule VA and VI-A.
- Direct Costs - costs that benefit a specific program, do not benefit all programs, and/or are OMB A-87 unallowable as indirect costs.
- Indirect Costs - costs that have been classified as either department-wide or division indirect costs.

Schedule VI A-1: Commissioner's Office

The Commissioner, Deputy Commissioner and their support staff are responsible for ensuring the overall coordination and accomplishment of the Department mission and responsibilities. The Commissioner and Deputy Commissioner, in cooperation with division directors, provide policy direction and management oversight of all Department activities. Strong direction from the Commissioner's Office is critical to the success of the services provided by the Department.

Costs attributable to the seven positions of the Commissioner's Office have been classified as Department-wide indirect costs. In addition to the Commissioner and Deputy Commissioner, the following positions are included in the Commissioner's Office:

- Regulation Specialist II (PCN 07-1007) - The position researches state and federal program statutes, policies, and procedures; and assists Division and program management in the development and revision of Department program regulations.
- Executive Secretary I (PCN 07-1015) - The position provides clerical support for the Commissioner's Office and provides other general Department support activities benefiting all programs of the Department.
- Special Assistant to the Commissioner II (PCN 07-1003) - The position monitors, researches, and reports all aspects of issues related to the management of the Department; and assists in the development of policy and coordination of program activities to ensure state and federal program objectives are accomplished.
- Special Assistant to the Commissioner I (PCN 07-1037) – The position provides communications support for all communications, but especially publications. Communication is achieved through a variety of media, including newsletters, press releases, and other publications.

- ❑ Communications Coordinator (PCN 07-X003) – The position provides communications support for the Governor’s overall effort to enhance Alaskan awareness of related job and training opportunities through development and implementation of a comprehensive communications strategy. Communication is achieved through a variety of media, including newsletters, press releases, and other publications.

Schedule VI A-2: Management Services

The Management Services Component of the Administrative Services Division is responsible for the provision of efficient, effective administrative service in support of all Department programs. The Component provides budget planning, development, monitoring and reporting; federal and state accounting and reporting; publication assistance; human resource management; and procurement, mail and office space management for Department programs. The Component is organized into the following sections:

- ❑ Director's Office - The Director of Administrative Services is responsible for assisting in the development of Department administrative policies and procedures; resolution of any state or federal audit findings; budget planning, preparation, monitoring, and reporting; and the management oversight of all activities and services of the Administrative Services Division. The Office consists of the following positions:
 - ❑ Division Director - PCN 07-1101
 - ❑ Internal Auditor IV - PCN 07-1103
 - ❑ Administrative Services Manager - PCN 07-1201
 - ❑ Budget Manager - PCN 07-1205
- ❑ Procurement and Office Services Section - The Section is responsible for records management, central mailroom, procurement, supply distribution, property management, and other general administrative services for all Department divisions and programs. The Section consists of the following positions:
 - Supply Technician I – PCN 07-1106
 - Procurement Specialist III – PCN 07-1107
 - Administrative Clerk III - PCN 07-1204

Schedule VI A-3: Labor Market Information (LMI)

Publications Office – The Publications Office produces labor market information for all state and federally funded programs of the Alaska Department of Labor and Workforce Development. Labor market information provided by the Publications Office includes employment/unemployment issues, career planning, housing, economy, demographics, industry, health and safety concerns of the work force, and the effects of changing statutes and regulations. Publications Office information reaches job seekers, employers, persons in the workforce, and researchers. In addition to writing, editing, and production services, the Publications Office also arranges for distribution of products and maintains mailing lists representing a wide spectrum of the labor market public. This is an increase in staff included from prior years to incorporate supervisory oversight (see PCN 07-1704) attributable to Publications Office staff activities, and to provide for web master backup for PCN 07-5382 (see PCN 07-1739).

- Economist IV – PCN 07-1704
- Publication Specialist II – PCN 07-1731
- Research Analyst I – PCN 07-1739
- Publication Specialist II – PCN 07-5382

Schedule VI A- 4: Alaska Vocational Technical Center (AVTEC)

AVTEC is a public post-secondary vocational technical education and training institute that provides vocational technical education programs for Alaskans across the state. AVTEC has some administrative support staff that provides services that the DLWD Administrative Services Division staff does for the other divisions and sections in the department. The AVTEC administrative support staff input invoices into the accounting system, do much of the purchasing, process travel reimbursements, and input their own timesheets for the multiple AVTEC components. AVTEC also provides their own data processing support since they have a Micro/Network Technician, as well as teachers who teach information technology to students, that are on site and able to address their own information technology needs.

As a result, they do not require the same level of administrative support from the Administrative Services Division. In order to be equitable, and treat like costs in a like manner across the department, the two staff in AVTEC that perform accounting and procurement activities are included in the indirect cost pool, along with some support costs for those positions.

- Accounting Clerk I - PCN 05-8396
- Supply Technician II - PCN 05-8397

Schedule VI A-5: Vocational Rehabilitation Administration

The Vocational Rehabilitation Administration Component provides administrative oversight and centralized administrative services for all components and programs of the Division of Vocational Rehabilitation. Services provided by the Component are distinct from those provided by the Commissioner's Office and Management Services. Services are particular to DVR and include: processing of approximately 36,000 payments for 10,000 clients and multiple grantees; preparation of federal and state budgets; reporting on federal grants; procurement services for clients and field offices; development of the federally required strategic plan of action; and research and analysis providing statistical support on the number of clients applying and served.

All costs of the Component have been classified as division indirect costs, except for OMB unallowable costs of penalties and penalty interest. Following are the positions included in the Component:

- Division Director - PCN 05-2001
- Accounting Supervisor II - PCN 05-2003
- Administrative Assistant - PCN 05-2004
- Community Rehabilitation Program Specialist - PCN 05-2010
- Administrative Manager IV - PCN 05-2023
- Accounting Technician II - PCN 05-2042
- Secretary - PCN 05-2044
- Project Assistant - PCN 05-2046
- Program Coordinator - PCN 05-2100
- Administrative Manager I - PCN 05-2205
- Accounting Technician I - PCN 05-7007
- Project Assistant - PCN 07-5970

- Student Intern I – PCN 07-N028

FY2009 DOA Paid Leases for Indirect Services

The costs of leased space occupied by positions in the indirect cost pool have been identified and classified as department-wide indirect costs. Cost of this leased space, is paid by the Alaska Department of Administration (DOA), Division of General Services. These costs are an approved Section II billed service identified on the FY 2009 State-wide Cost Allocation Agreement (Appendix E) as "Space Rental - Leased Space". The Department reimburses DOA for a portion of the lease costs by directly charging the components' budgets, while the remainder is covered by General Funds in the Leasing Component. Appendix C identifies the total costs of the lease paid by DOA, the amount reimbursed by the Department, and the balance that is claimed as additional indirect costs.

FY 2009 Legislative Audit

Legislative Audit bills the Department for the costs of audit services. These costs are an approved Section II billed service identified on the FY 2009 State-wide Cost Allocation Agreement (Appendix E) as "Legislative Audit". Costs billed to the Department for audit services related to specific programs are charged as direct costs to benefiting programs. Costs that are billed for Statewide Single Audits are allocated to all programs. Costs for audit services that are not billed and benefiting all programs and activities of the Department are classified as indirect costs and included in the development of the Department-wide indirect cost rate.

FY 2009 State-Wide Cost Allocation Plan

Costs identified in the FY 2009 State-Wide Cost Allocation Plan (SWCAP) for the Department of Labor and Workforce Development. The SWCAP was approved by the U.S. Department of Health and Human Services. A copy of the cost allocation agreement is provided in Appendix E.

Schedule VI B: Classification of FY 2009 Actual Personal Services Costs

The Schedule provides the classification of the Department's personal services costs for the fiscal year ended June 30, 2009. The Schedule reconciles to Schedule V-A, Actual Department Expenditures for the Fiscal Year Ended June 30, 2009, in Section V of the Proposal. Schedule information is utilized in the determination of the FY 2009 carry-forward adjustments, which are included in the development of FY 2011 fixed rates. The Schedule is formatted as follows:

- ❑ Organization Unit - brief title of divisions and components comprising each division.
- ❑ Support Schedule - support schedule providing detail information on costs that have been classified as department-wide or division indirect costs. The support schedules referenced are the same schedules supporting Schedule VI-A.

- Total Personal Services - total personal services costs of the Department that reconcile to Schedule V-A in Section V of the Proposal.
- Direct Personal Services - personal services costs of positions specifically or readily identifiable with a specific program.
- Department-Wide Indirect Personal Services Costs - personal services costs of positions providing services benefiting all programs of the Department.
- Division Indirect Personal Services Costs - personal services costs of positions benefiting all programs of a division.
- Total Indirect Personal Services Costs - total personal services costs of positions providing services classified as indirect costs.

Schedule VI C: Classification of FY 2011 Total Budgeted Costs

The Schedule provides the classification of the Department's total costs for the fiscal year ending June 30, 2011. The Schedule reconciles to Schedule V-B, Budgeted Department Expenditures for the Fiscal Year Ending June 30, 2011, in Section V of the Proposal. The Schedule also identifies additional non-Department financial statement costs that have been incurred on behalf of Department programs. The Schedule is formatted as follows:

- Organization Unit - brief title of divisions and components comprising each division.
- Support Schedule - support schedule providing detail information on costs that have been classified as department-wide or division indirect costs.
- Total Costs - total costs of the Department that reconciles to Schedule V-B in Section V of the Proposal.
- Excluded Costs - costs included in the Department's Governor's budget request that are not expected to occur. The Management Plan budget scenario was used because of this reason.
- Direct Costs - costs specifically or readily identifiable with a specific program.
- Department-Wide Indirect Costs - indirect costs benefiting all programs of the Department.
- Division Indirect Costs - indirect costs benefiting all programs of a division.
- Total Indirect Costs - total costs classified as indirect costs.

Support Schedules

Support schedules and/or information are provided for each component and cost that has been classified as indirect. Schedules on the components are formatted as follows:

- Description - brief description of positions and costs.
- PCN - the position control number.
- Months - number of months a position was originally budgeted to be filled and the revised number of months the position is currently projected to be filled.
- Per Budget - total costs originally included in the Department's budget as submitted by the Governor to the Legislature.
- Adjust/Excluded Costs - costs added to or excluded from the Department's budget as submitted by the Governor to the Legislature.
- Total Costs - total costs that are expected to occur in FY 2010.
- Direct Costs - costs that benefit a specific program, do not benefit all programs, and/or are OMB A-87 unallowable as indirect costs.
- Indirect Costs - costs that have been classified as either department-wide or division indirect costs.

Schedule VI C-1: Commissioner's Office

The Commissioner, Deputy Commissioner and their support staff are responsible for ensuring the overall coordination and accomplishment of the Department mission and responsibilities. The Commissioner and Deputy Commissioner, in cooperation with division directors, provide policy direction and management oversight of all Department activities. Strong direction from the Commissioner's Office is critical to the success of the services provided by the Department.

Costs attributable to the seven positions of the Commissioner's Office have been classified as Department-wide indirect costs. In addition to the Commissioner and Deputy Commissioner, the following positions are included in the Commissioner's Office:

- Regulation Specialist II (PCN 07-1007) - The position researches state and federal program statutes, policies, and procedures; and assists Division and program management in the development and revision of Department program regulations.
- Executive Secretary I (PCN 07-1015) - The position provides clerical support for the Commissioner's Office and provides other general Department support activities benefiting all programs of the Department.

- ❑ Special Assistant to the Commissioner II (PCN 07-1003) - The position monitors, researches, and reports all aspects of issues related to the management of the Department; and assists in the development of policy and coordination of program activities to ensure state and federal program objectives are accomplished.
- ❑ Special Assistant to the Commissioner I (PCN 07-1037) – The position provides communications support for all communications, but especially publications. Communication is achieved through a variety of media, including newsletters, press releases, and other publications.
- ❑ Communications Coordinator (PCN 07-X003) – The position provides communications support for the Governor’s overall effort to enhance Alaskan awareness of related job and training opportunities through development and implementation of a comprehensive communications strategy. Communication is achieved through a variety of media, including newsletters, press releases, and other publications.

Schedule VI C-2: Management Services

The Management Services Component of the Administrative Services Division is responsible for the provision of efficient, effective administrative service in support of all Department programs. The Component provides budget planning, development, monitoring and reporting; federal and state accounting and reporting; and procurement, mail and office space management for Department programs. The Component is organized into the following sections:

- ❑ Director's Office - The Director of Administrative Services is responsible for assisting in the development of Department administrative policies and procedures; resolution of any state or federal audit findings; budget planning, preparation, monitoring and reporting; and the management oversight of all activities and services of the Administrative Services Division. The Office consists of the following positions:

Schedule VI C-3: Labor Market Information (LMI)

Publications Office – The Publications Office produces labor market information for all state and federally funded programs of the Alaska Department of Labor and Workforce Development. Labor market information provided by the Publications Office includes employment/unemployment issues, career planning, housing, economy, demographics, industry, health and safety concerns of the work force, and the effects of changing statutes and regulations. Publications Office information reaches job seekers, employers, persons in the workforce, and researchers. In addition to writing, editing, and production services, the Publications Office also arranges for distribution of products and maintains mailing lists representing a wide spectrum of the labor market public. This is an increase in staff included from prior years to incorporate supervisory oversight (see PCN 07-1704) attributable to Publications Office staff activities, and to provide for web master backup for PCN 07-5382 (see PCN 07-1739).

- Economist IV – PCN 07-1704
- Publication Specialist III – PCN 07-1731
- Research Analyst II – PCN 07-1739
- Publication Specialist II – PCN 07-5382

Schedule VI C-4: Alaska Vocational Technical Center (AVTEC)

AVTEC is a public post-secondary vocational technical education and training institute that provides vocational technical education programs for Alaskans across the state. AVTEC has some administrative support staff that provides services that the DLWD Administrative Services Division staff does for the other divisions and sections in the department. The AVTEC administrative support staff input invoices into the accounting system, do much of the purchasing, process travel reimbursements, and input their own timesheets for the multiple AVTEC components. AVTEC also provides their own data processing support since they have a Micro/Network Technician, as well as teachers who teach information technology to students, that are on site and able to address their own information technology needs.

As a result, they do not require the same level of administrative support from the Administrative Services Division. In order to be equitable, and treat like costs in a like manner across the department, the two staff in AVTEC that perform accounting and procurement activities are included in the indirect cost pool, along with some support costs for those positions.

- Accounting Clerk - PCN 05-8396
- Procurement Specialist I - PCN 05-8397

Schedule VI C-5: Vocational Rehabilitation Administration

The Vocational Rehabilitation Administration Component provides administrative oversight and centralized administrative services for all components and programs of the Division of Vocational Rehabilitation. Services provided by the Component are distinct from those provided by the Commissioner's Office and Management Services. Services are particular to DVR and include: processing of approximately 36,000 payments for 10,000 clients and multiple grantees; preparation of federal and state budgets; reporting on federal grants; procurement services for clients and field offices; development of the federally required strategic plan of action; and research and analysis providing statistical support on the number of clients applying and served.

All costs of the Component have been classified as division indirect costs, except for OMB unallowable costs of penalties and penalty interest. Following are the positions included in the Component:

- Division Director - PCN 05-2001
- Accounting Technician IV - PCN 05-2003
- Administrative Assistant II - PCN 05-2004
- Community Rehabilitation Program Specialist - PCN 05-2010
- Administrative Operations Manager I - PCN 05-2023

- Accounting Technician II - PCN 05-2042
- Secretary - PCN 05-2044
- Project Assistant - PCN 05-2046
- Program Coordinator - PCN 05-2100
- Administrative Assistant II - PCN 05-2205
- Accounting Technician I - PCN 05-7007
- Project Assistant - PCN 07-5970

FY2011 DOA Paid Leases for Indirect Services

The costs of leased space occupied by positions in the indirect cost pool have been identified and classified as department-wide indirect costs. Cost of this leased space, is paid by the Alaska Department of Administration (DOA), Division of General Services. These costs are an approved Section II billed service identified on the FY 2011 State-wide Cost Allocation Agreement (Appendix E) as "Space Rental - Leased Space". The Department reimburses DOA for a portion of the lease costs by directly charging to the components' budget, while the remainder is covered by General Funds in the Leasing Component. Appendix C identifies the total costs of the budgeted lease to be paid by DOA, the amount budgeted to be reimbursed by the Department as a direct expense, and the balance paid from State funds that are claimed as additional indirect costs. The 2011 budgeted costs have been utilized in the development of the FY 2011 indirect cost rates. FY 2011 actual costs will be utilized in determining the FY 2011 carry-forward.

FY 2011 Legislative Audit

Legislative Audit bills the Department for the costs of audit services. These costs are an approved Section II billed service and will be identified on the FY 2011 State-wide Cost Allocation Agreement as "Legislative Audit". Costs billed to the Department for audit services related to specific programs are charged as direct costs to benefiting programs. Costs that are billed for Statewide Single Audits are allocated to all programs. Costs for audit services benefiting all programs and activities of the Department are classified as indirect costs and included in the development of the Department-wide indirect cost rate. Since the FY 2011 State-Wide Cost Allocation Agreement is not yet complete the FY 2009 Legislative Audit costs have been utilized in the development of the FY 2011 indirect cost rates. FY 2011 actual costs will be utilized in determining the FY 2011 carry-forward.

FY 2011 State-Wide Cost Allocation Plan

Costs will be identified in the FY 2011 State-Wide Cost Allocation Plan (SWCAP) for the Department of Labor and Workforce Development. Since the FY 2011 State-Wide Cost Allocation Agreement is not yet complete the FY 2009 costs have been utilized in the development of the FY

2011 indirect cost rates. FY 2011 actual costs will be utilized in determining the FY 2011 carry-forward.

The SWCAP was approved by the U.S. Department of Health and Human Services. A copy of the cost allocation agreement is provided in Appendix E.

Schedule VI D: Classification of FY 2011 Budgeted Personal Services Costs

The Schedule provides the classification of the Department's budgeted personal services costs for the fiscal year ending June 30, 2011. The Schedule reconciles to Schedule V-B, Budgeted Department Expenditures for the Fiscal Year Ending June 30, 2011, in Section V of the Proposal. Schedule information is utilized in the determination of the FY 2011 indirect cost rate base. The Schedule is formatted as follows:

- Organization Unit - brief title of divisions and components comprising each division.
- Support Schedule - support schedule providing detail information on costs that have been classified as department-wide or division indirect costs. The support schedules referenced are the same schedules supporting Schedule VI-C.
- Total Personal Services - total personal services costs of the Department that reconciles to Schedule V-B in Section V of the Proposal.
- Excluded Personal - personal services costs included in the Department's budget as submitted by the Governor to the Legislature that are not expected to occur.
- Direct Personal Services - personal services costs of positions specifically or readily identifiable with a specific program.
- Department-Wide Indirect Personal Services Costs - personal services costs of positions providing services benefiting all programs of the Department.
- Division Indirect Personal Services Costs - personal services costs of positions benefiting all programs of a division.
- Total Indirect Personal Services Costs - total personal services costs of positions providing services classified as indirect costs.

This concludes the description of the schedules provided in this section. The schedules are provided on the following pages.

SECTION VII
FY 2011 DEPARTMENT-WIDE FIXED INDIRECT COST RATE

FY 2011 DEPARTMENT-WIDE FIXED INDIRECT COST RATE

The Department utilizes the OMB A-87 simplified method for the development of a single fixed indirect cost rate applicable to all divisions and programs of the Department. The rate is determined by dividing the Department's total budgeted FY 2011 OMB A-87 allowable indirect cost and FY 2009 carry-forward by the Department's FY 2011 total budgeted direct personal services costs. The rate is calculated by indirect cost source and in total.

FY 2011 Indirect Costs

Indirect costs included in the Department-Wide indirect cost rate are OMB A-87 allowable costs that benefit all divisions and programs of the Department. Section VI, Classification of Costs, includes schedules that reconcile costs included in the rate, and provide detail information on indirect services and costs. Costs have been identified as either Department or Statewide. Department costs are costs incurred by the Department. Statewide costs are costs incurred by other State agencies.

FY 2009 Carry-Forward

The Department utilized a fixed indirect cost rate in FY 2009. OMB A-87 requires that entities utilizing a fixed indirect cost rate determine the difference between the estimated rate, based on budgeted costs, and the actual rate for the period based on actual costs. The difference between the rates is to be carried forward as an adjustment to the rate computation of a subsequent period. The calculation of the Department's FY 2009 carry-forward adjustment is provided on Schedule VII-B, FY 2009 Indirect Cost Rate Carry-Forward.

FY 2011 Direct Personal Services

Personal Services costs include salaries and wages, and associated fringe benefits. Direct personal services costs are the total personal services costs of the Department less the personal services of positions classified as indirect. Section VI-D, Classification of FY 2011 Budgeted Personal Services Costs, provides the support for the classification of personal services as either direct or indirect.

- Fringe Benefits are identified specifically to each employee and are assigned to components in the same ratio as an employee's salary. Fringe benefits include:
 - Health, dental and life insurance
 - Federal and state unemployment insurance
 - Public Employee Retirement Plan
 - Alaska Supplemental Benefits - in lieu of Social Security benefits

- Legal Trust Plan
- Workers' compensation
- Terminal leave (a reserve account used to pay terminating employees the unused balance of their leave account)
- Leave cash-in (a reserve account used to pay employees when they cash in leave in lieu of taking time off)

FY 2011 Indirect Cost Rate

The following schedules are included in this Section that provide and support the development of the Department-wide indirect cost rate:

Schedule VII-A: Department-Wide FY 2011 Fixed Indirect Cost Rate

The Schedule provides the calculation of the Department-wide FY 2011 fixed indirect cost rate applicable to all divisions and programs of the Department. The Schedule provides a summary of FY 2011 budgeted indirect costs, the FY 2009 carry-forward, and FY 2011 budgeted direct personal services. Rate calculations are provided by indirect cost source and in total.

Schedule VII-B: FY 2009 Indirect Cost Rate Carry-Forward

The Schedule provides the calculation of the FY 2009 indirect cost rate carry-forward. The carry-forward is the difference between potential indirect cost recoveries utilizing the Department's fixed FY 2009 indirect cost rate based on budgeted costs and the actual or final rate for FY 2009 based on actual costs. Carry-forwards are provided by indirect cost source and in total. The carry-forward is included on Schedule VII-A.

This concludes the narrative on this Section of the Proposal. The schedules are provided on the following pages.

SECTION VIII

***FY 2011 VOCATIONAL REHABILITATION DIVISION
FIXED INDIRECT COST RATE***

FY 2011 VOCATIONAL REHABILITATION DIVISION FIXED INDIRECT COST RATE

The Department utilizes the OMB A-87 simplified method for the development of a fixed indirect cost rate allocable to all programs administered by the Division of Vocational Rehabilitation. The rate is comprised of a division administrative rate and the Department-wide rate. The Division rate is determined by dividing the Division's total budgeted FY 2011 OMB A-87 allowable administrative indirect costs and FY 2009 carry-forward by the Division's total budgeted FY 2011 direct personal services costs. The Department-wide rate is the rate developed in Section VII, FY 2011 Department-Wide Indirect Cost Rate, of the Proposal.

FY 2011 Indirect Costs

Division administrative costs that have been classified as indirect costs are OMB A-87 allowable costs that benefit all programs administered by the Division. Section VI, Classification of Costs, includes schedules that reconcile costs included in the rate and provide detail information on indirect services and costs.

FY 2009 Carry-Forward

The Division utilized a fixed indirect cost rate in FY 2009. OMB A-87 requires that entities utilizing a fixed rate determine the difference between the estimated rate, based on budgeted costs and the actual rate for the period based on actual costs. The difference between the rates is to be carried forward as an adjustment to the rate computation of a subsequent period. The calculation of the Division's FY 2009 carry-forward adjustment is provided on Schedule VIII-B, FY 2009 Indirect Cost Rate Carry-Forward.

FY 2011 Direct Personal Services

Personal Services costs include salaries and wages, and associated fringe benefits. Direct personal services costs are the total personal services costs of the Division less the personal services of positions classified as indirect. Section VI-D, Classification of FY 2011 Budgeted Personal Services Costs, provides the support for the classification of Division personal services as either direct or indirect.

- Fringe Benefits are identified specifically to each employee and are assigned to components in the same ratio as an employee's salary. Fringe benefits include:
 - Health, dental and life insurance
 - Federal and state unemployment insurance
 - Public Employee Retirement Plan
 - Alaska Supplemental Benefits - in lieu of Social Security benefits

- Legal Trust Plan
- Workers' compensation
- Terminal leave (a reserve account used to pay terminating employees the unused balance of their leave account)
- Leave cash-in (a reserve account used to pay employees when they cash in leave in lieu of taking time off)

FY 2011 Indirect Cost Rate

The following schedules are included in this Section that provide and support the development of the Division-wide indirect cost rate:

Schedule VIII-A: FY 2011 Fixed Indirect Cost Rate

The Schedule provides the calculation of the Division's FY 2011 fixed indirect cost rate applicable to all programs of the Division. The Schedule provides a summary of FY 2011 budgeted indirect costs, the FY 2009 carry-forward, and FY 2011 budgeted direct personal services. Rate calculations are provided that include only Division costs, and including the Department-wide rate.

Schedule VIII-B: FY 2009 Indirect Cost Rate Carry-Forward

The Schedule provides the calculation of the FY 2009 indirect cost rate carry-forward. The carry-forward is the difference between potential indirect cost recoveries utilizing the Division's fixed FY 2009 indirect cost rate based on budgeted costs and the actual or final rate for FY 2009 based on actual costs.

This concludes the narrative on this Section of the Proposal. The schedules are provided on the following pages.

SECTION IX
ALLOCATED COSTS

ALLOCATED COSTS

The Department allocates costs benefiting more than one program/division that cannot be readily identified with a specific program. Costs are allocated as they occur based on appropriate allocation bases. Costs allocated to central administrative and support units, and division administrative units are included in the development of indirect cost rates. When funding is not available due to funding allowability, lack of funding, or exhaustion of existing funds, allocated costs are charged to a state funded appropriation. This ensures federal funding sources are only allocated their equitable share of costs.

Brief descriptions of types of allocated costs and bases utilized to allocate costs are provided in the following text.

Employee Leave

Costs of leave for organization units with employees that charge to multiple funding sources are pooled and allocated monthly to benefiting programs. A cost pool is established for each organization unit. The basis for allocating each unit's leave costs is the year-to-date direct personal services costs of benefiting programs.

Management and Administration

In some cases, personal services (salaries, leave, and benefits) of Division management and administrative staff benefiting multiple programs are pooled by unit and allocated monthly to benefiting programs. A cost pool is established for each unit and only allocated to benefiting programs of the unit. The basis for allocating each unit is the year-to-date personal services costs of benefiting programs in the unit.

Support Services and Supplies

Services and supplies that are purchased in support of multiple programs and/or units are pooled by unit and allocated monthly to benefiting programs. Examples of support services and supplies that may be allocated include paper, office supplies, books, subscriptions, membership dues, copying, communications, and training. The basis for allocating each unit is the year-to-date personal services costs of benefiting programs.

Alaska Workforce Investment Board

Costs for the oversight of board and board staff include personal services, board travel, contractual and supplies required for oversight functions. The basis for allocating costs in this pool is the prior year actual total program costs of each of the training programs covered by the oversight function based on their proportionate share of the prior year expenditures for each program.

Alaska Vocational Technical Center – Support Services and Supplies

The services and supplies purchased for the AK Vocational Technical Center administrative staff, which support multiple programs and/or units are pooled by unit and allocated annually to benefiting programs. Examples of support services and supplies that may be allocated include paper, office supplies, printer and copier service, telecommunications, facility utilities, heating fuel, and custodial services. The basis for allocating heating fuel, utilities, and custodial services costs to each unit is based on the percentage of square footage occupancy of the administrative support staff. The basis for allocating office supply and telecommunication cost is based on the percentage of administrative staff. The basis for allocating paper and printer and copier service is the estimated usage by the administrative support staff.

Data Processing

The Department's DP section has multiple teams whose time is accounted for in various ways. Teams are identified by title and color to more easily track them organizationally and in terms of how their costs are charged. The sections have been color coded as noted:

- Yellow - management of the section
- Blue - network services (desk top and connectivity support)
- Purple – network services for job centers only
- White - programming
- Grey – Systems and security, research, project development, and training
- Green – database, job scheduling, and other programming support

The single “yellow” position provides the overall management of the section. The “blue” network services positions provide desk top, server and software support to all positions in the department, except AVTEC, and including the UI Call Centers and the Job Centers throughout the state. Each position in this group charges their time that is specifically for either a UI Call Center or a Job Center to those funding sources, with all other time that is not distinct to one of those two functions going to DP Operations (DP OPs). The “yellow” and “blue” DP OPs costs are collected and allocated to all components of the department (excluding AVTEC since they provide their own DP network support) based on position count.

The “purple” position charges only Wagner Peyser since that position is dedicated to supporting the network services needs of job centers throughout the state.

The “white” programming teams do direct work on various projects or maintenance or enhancement of systems, and therefore directly charge their time to those projects or systems. These include mainframe and desk top applications, but the majority of the support does go to mainframe or web based applications that are paid from either UI Admin or Wagner Peyser funding.

The “grey” other programming teams/positions provide planning, research, security, training, and other similar support to the programmers. These costs are pooled and allocated to the

projects and systems worked on by the “white” programmers based on their collective YTD personal services.

The last “green” section also provides support but the activity is not directly related to any particular project or system. However, because these staff provide the database support and schedule jobs that are run on the mainframe, in effect they support almost entirely jobs paid by either UI or Wagner Peyser since those are the only jobs run on the mainframe. It would be impractical if not impossible to charge their time at any given moment to either Wagner Peyser or UI Administration as the activities performed benefit jobs paid by both grants. The department is billed for mainframe usage based on units used which are identified to specific jobs, nearly all of which are paid by either UI or Wagner Peyser. Therefore, these positions are allocated based on the MICS charging between Wagner Peyser and UI jobs for the last full year. In State Fiscal Year 2010, the total MICS for UI was \$1,669,500; and for Wagner Peyser, it was \$8,500; for a total of \$1,678,000. Therefore in 2011 these positions are charged 99% to UI and 1% to Wagner Peyser.

Non-personal services charges for each section is pooled for each section and, like their leave, are charged within each section based on relative share of YTD personal services.

Statewide Cost Allocation Plan (SWCAP) – Core Services

Costs in the SWCAP are common to all State agencies, and are detailed and approved annually by the US Department of Health and Human Services (DHHS) and are listed in Section I and II on the SWCAP cost allocation agreement.

Section I – Statewide Unbilled Costs

Some costs, as detailed in Section I, are in the SWCAP but are not billed to agencies. Our share of those costs is included in the indirect cost pool as a statewide cost.

Section II – Billed Core Service Costs

Costs as detailed in Section II, are billed costs on the SWCAP cost allocation agreement. Each cost is allocated to all departments, based on the approval of the SWCAP, and is then further allocated or direct charged within the department in the same way unless otherwise noted for that item. In many cases, after these costs are allocated to the component, they are further allocated through that component’s Management and Administration allocation, which is based on relative share of YTD personal services costs.

Facility Leases

For most leases we have, the cost of leased office and storage space is paid to the Lessors by the Department of Administration (DOA). They in turn bill the agency occupying the space. In addition, a lease administration fee is charged by DOA based on a combination of relative share of leases in total and relative share of dollar value of said leases. We in turn combine the

total billed to us for the lease with the lease admin for each lease and allocate the result to the occupying division or section.

Some of our lease costs are for public facilities owned by another State agency. In those cases, the owning agency (most often DOA, the Department of Transportation & Public Facilities (DOT&PF), or the Court System) bills us for the cost of maintenance, etc, as described and approved through the SWCAP.

For those leases or lease costs for space benefiting multiple programs, we first try to allocate the charges to that component's programs by relative share of space occupied; in some cases, when it is not practical to allocate the charges based on relative share of space occupied at the program level, the charges are either allocated as a Management and Administration cost or by position counts identified in the grant applications.

DOA Central Mail Services

DOA processes mail for all departments of State government. Their services cover incoming mail being sorted and distributed to agencies, as well as printing, mailing, and processing of warrants (UI, payroll, and general warrants) and other outgoing mail. They collect their costs in various cost pools such as personnel, equipment, warrant stock, envelopes, postage, etc. by each of these four categories: general mail, AKSAS warrants (accounting, payments to vendors and contractors), AKPAY warrants (payments to employees), and UI (warrants and information mail-outs). They also collect their costs for other items for which this department is not charged, but since they do not benefit us and we are not charged, those are not being described here.

We are billed for AKSAS and AKPAY processing based on warrant count, but we reallocate those costs within the department based on relative share of positions since we do not have a way of determining warrants used by funding source.

We are billed for general mail handling based on a combination of items, with the largest single component of their charge being postage. The postage is metered based on the mail being handled and is charged to the program benefiting by that mail. Thus, we charge this piece of the bill to the benefiting programs based on relative share of postage charges.

We are billed for UI handling based on their time spent under the approved SWCAP plan, and those charges are direct charged to the UI Administration.

DOA Division of Finance - AKPAY/AKSAS

DOA charges all departments for their share of the cost of running the accounting and payroll systems, and the other centralized services and assistance they provide. Each department is charged their share based on relative share of position counts.

DOA Division of Personnel - Human Resource Services

DOA provides oversight of all personnel services including timesheet processing, employee pay issues, labor relations, recruiting, and most other related services. Each agency is billed for their share based on relative share of positions.

DOA Enterprise Technology Services (ETS) – Enterprise Productivity Rates (EPR)

The ETS bills agencies for their share of telephone (TC EPR) and computer (CS EPR) infrastructure costs based on relative share of positions. These costs are described in the SWCAP and are for things such as network services for transmission of voice and data between State offices, repair and maintenance and other support of radio and telephone equipment, data processing (DP) storage, DP printing, DP programming, and the general infrastructure of the State's computer system of which all agencies are a part.

DOA ETS – Measure of Incremental Service (MICS)

DOA bills agencies for their use of computer resources based on the ID used when signing on to the system. Some programs use very little of these resources and their share of the bill is very small, so those small costs are charged to the indirect cost pool. The combined total of the charges that result from staff in the indirect cost pool and the small charges that would otherwise go elsewhere are significantly less than \$5,000 per year.

DOA ETS – Symantec Anti-Virus Software and Microsoft Enterprise Agreement

DOA bills each agency for the State's anti-virus software and for the Microsoft Enterprise Platform based on a physical inventory.

DOA ETS – Automated Budget System (ABS)

DOA charges agencies for their share of the cost of running the automated budget system based on the number of ABS users within each department.

DOA ETS – Telecommunications PBX

DOA provides each department with telecommunication devices and services between most State offices. We are billed for the phone service incurred by each device owned by the department.

DOA Division of Risk Management - Insurance

The Division of Risk Management bills agencies for their share of property, liability and public official bond insurance they hold for all State agencies as well as their costs of providing that service to us. The overhead and public official bond charges are allocated within the department based on relative share of position count. The charges for property insurance are allocated to the components occupying the property.

Department of Law - Legal Services

The Department of Law bills agencies for the legal services provided based on actual hours spent, and we direct charge these to the benefiting program that used those services.

Division of Legislative Audit – Audit Services

In accordance with federal OMB circular A133, the Constitution of the State of Alaska, and Title 24 of the Alaska Statutes, the Legislative Auditor and staff conduct the post-audit function in the budget cycle. All audits performed by the Division are external audits; that is, they are performed by an auditor who is independent of the executive head of the government unit or agency being audited. The three major types of audits performed are financial compliance (aka Statewide Audit), performance, and special audits. We are charged for some of the cost of these audits, but some costs are not billed to agencies except in “memo” to identify those amounts that were not billed. The charges are based on hours spent. We direct charge the amounts charged for performance or special audits to the program benefiting by the audit. We allocate the amount charged for the statewide audit within the department based on position count. The “memo” billing for the statewide audit that represents charges that were incurred but not billed to us, are included in the indirect cost pool as a statewide cost.

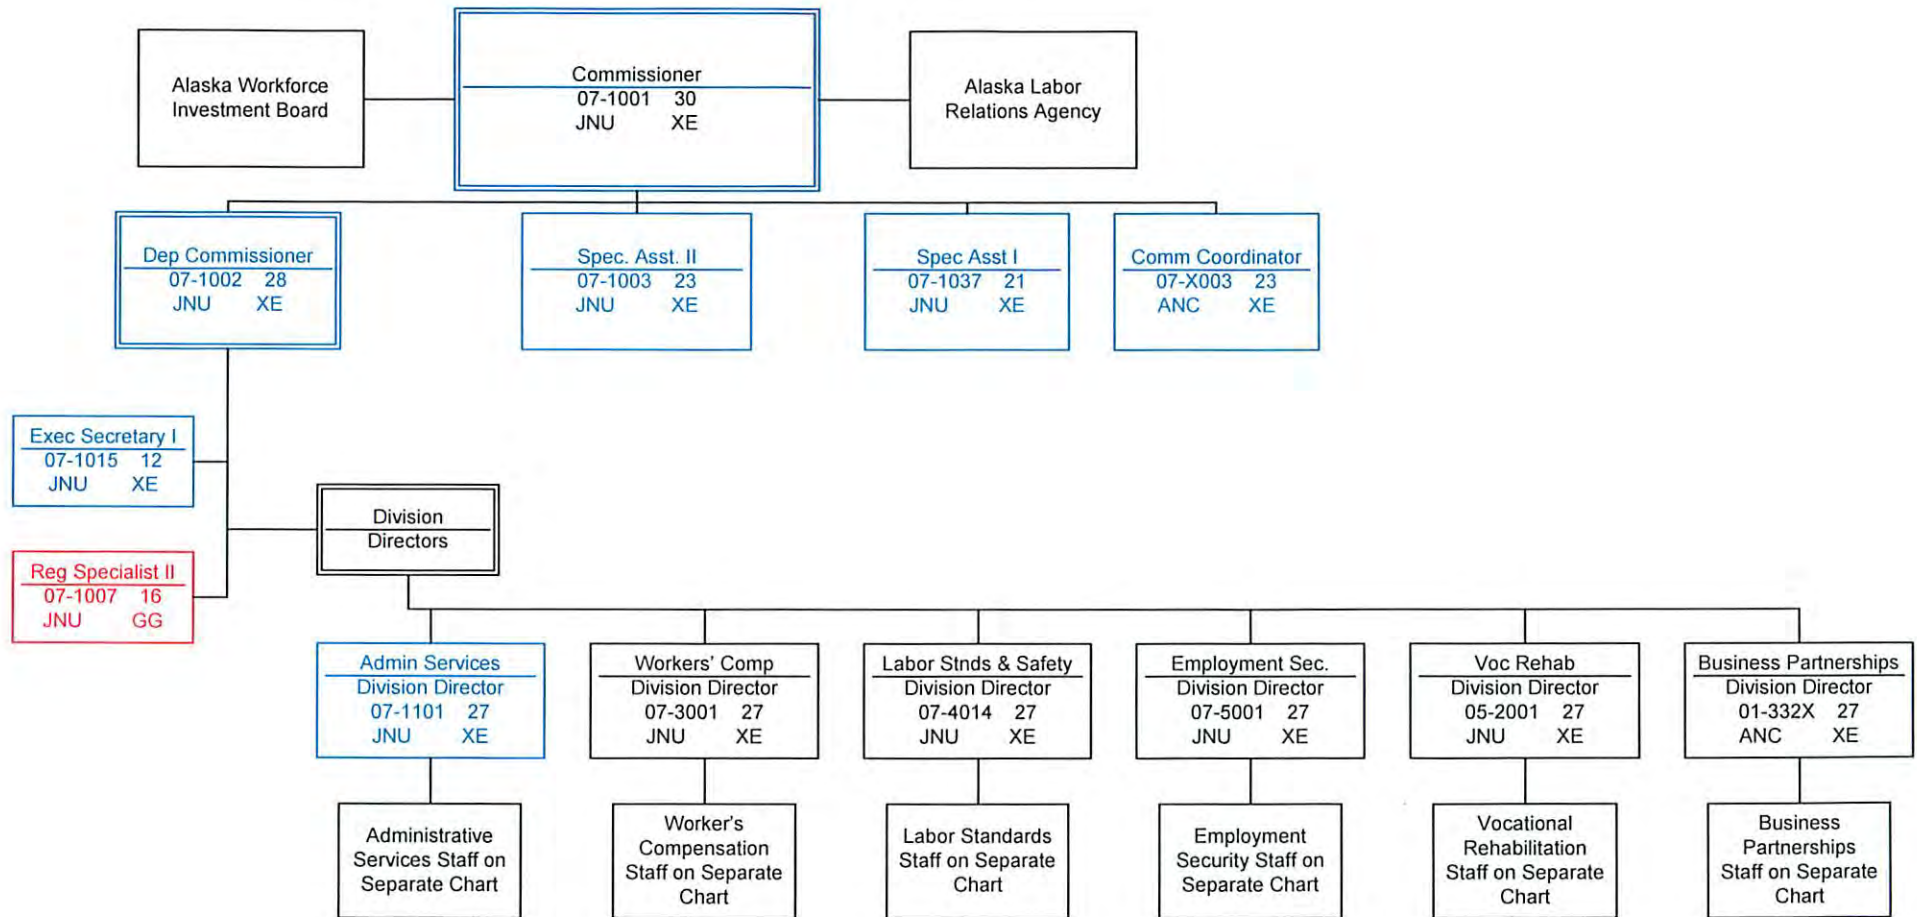

Department of Labor & Workforce Development – Americans with Disabilities Act (ADA)

This department provides the statewide ADA coordinator for all State agencies. We bill each agency for their share of these services based on relative share of positions, and we in turn reallocate our own share of the cost within the department in the same way.

This concludes the Section of the Proposal on Allocated Costs.

APPENDIX D
FY 2009 LEGISLATIVE AUDIT

MEMORANDUM

State of Alaska
Division of Legislative Audit
Phone (907) 465-3830; Panafax (907) 465-2347

To: Joann Pelayo
DLWD, Finance Officer

Date: September 15, 2009
Telephone: 465-3830

From: Pat Davidson
Legislative Auditor

Subject: Memorandum Billing for
FY 09 Audit Services

The purpose of this memorandum is to provide each agency a breakdown of the costs of audit services provided by Legislative Audit to that department. This breakdown will allow each agency to maximize federal or other funding participation for these costs. Audit costs are not included in the statewide cost allocation plan; therefore, it is up to each agency to direct bill these costs to their programs or elect to incorporate them into the department's indirect cost plan. No additional payments to Legislative Audit are required.

Analysis of Department of Labor and Workforce Development audit costs:

Audit Project	Previously Billed	Informational Billing (Memo)	Total Audit Costs FY 09
Statewide Single Audit - FY 2008	\$10,411.00	\$70,455.00	\$80,866.00
Statewide Single Audit - FY 2009	0.00	14,627.00	14,627.00
Other Audits	0.00	0.00	0.00
Total Audit Costs	\$10,411.00	\$85,082.00	\$95,493.00

OMB Circular A-87 states that audit costs may be allowable as either direct or indirect costs. Items to consider when determining if these will be charged as direct or indirect costs:

- Statewide Single Audit costs are allowable as a direct cost,
- other audits require specific approval of the federal awarding or cognizant agency to be allowable as a direct cost,
- costs for all audits (both statewide single audit and other audits) are eligible as indirect costs,
- for a given fiscal year all audit costs must be charged in the same method, and
- the agency may, under the direct cost method, consider these costs to be matching expenditures or replacement expenditures for other expenditures that may have been disallowed by the federal government.

The amounts identified as informational or memo billings are audit costs that the departments may seek additional reimbursement in either the direct or indirect method (as discussed above). These additional FY 09 audit costs must be treated in the same manner as the previously billed audit costs to ensure consistent treatment.

A direct billing approach will require additional information to ensure a proper allocation of costs to all programs (federal and non-federal) that benefit from these services. Please contact Gina Vose (465-3843) for the additional information.

Subject: Fiscal Year 2009 Memorandum Billing for AKSAS and AKPAY Chargeback

This memo informs you of the amount of AKSAS and AKPAY chargeback not billed, but allowable and allocable to your department under the fiscal year 2009 Statewide Cost Allocation Plan (SWCAP), which was approved by our federal cost negotiators at the U.S. Department of Health and Human Services. ***You do not have to pay this unbilled amount.***

The amount is being provided to you in “memo billing” form¹ for your department to maximize federal or other funding participation in these allowable costs. Depending on your departmental cost allocation plan, these memo billing expenditures may be used as either direct or indirect costs. The allocation basis approved by the federal cost negotiator in Section II of the FY 2009 SWCAP for these costs was transaction count and position count.

For federal or other funding participation, these memo billing expenditures are essentially the same as the AKSAS and AKPAY chargeback you actually paid. They are allowable costs that can be allocated across your funding sources. They may be billed, or used as match, or used to replace expenditures that are disallowed by the federal government as a result of the audit process. One caveat of OMB Circular A-87 is that like costs receive like treatment, so the memo billing expenditures must be charged in the same method as the AKSAS and AKPAY chargeback you paid for fiscal year 2009.

The following table shows the amount of AKSAS and AKPAY chargeback allocable, previously billed, and the memo billing amount for each agency in fiscal year 2009.

 **Memo Bill for FY 2009 True up AKSAS & AKPAY.pdf** (76 KB HTML)

Good afternoon,

Attached is the memo billing for AKSAS and AKPAY chargeback for FY 2009. As stated in the memo, you do not have to pay this. It is simply more allowable costs for you to use to benefit your department. Notice that AKPAY underbilling occurred in FY 2009 for the first time in several years. We combined the underbilling for both AKSAS and AKPAY for this memo billing amount.

If you have questions, please let me know.

Regards,

Kim

The enclosed report is a Summary of the Statewide Cost Allocation Plan for Fiscal Year 2009. Detailed Plans are on file in the Division of Finance and the Alaska State Library.

SECTION I
INTRODUCTION

INTRODUCTION

The State-wide Cost Allocation Plan (SWCAP) for indirect services provided by central services agencies of the State of Alaska for fiscal year 2009 is based on actual data incurred during the fiscal year ended June 30, 2007 (FY 2007). The Plan was prepared by MAXIMUS, Inc. at the request of the Department of Administration, State of Alaska.

The U.S. Office of Management and Budget issued OMB Circular A-87 (2 CFR Part 225), which defines allowable expenditures for Federal grants. The Circular establishes procedures for recovering both direct and indirect costs of programs. The Circular requires that a state wishing to claim indirect costs as charges against Federal grants, prepare an annual SWCAP and submit the Plan for approval to a designated Federal department for review and approval.

This SWCAP, based on actual data incurred during the fiscal year ended June 30, 2007, should be fixed and used on all indirect cost proposals for Federal programs during the State's fiscal year ending June 30, 2009 (FY 2009).

The SWCAP is formatted as follows:

- Certificate of Cost Allocation Plan** - a certification by an authorized official that the SWCAP has been prepared in accordance with applicable policies and procedures of OMB Circular A-87 (2 CFR Part 225).
- Organization Chart** - a current State of Alaska organization chart.
- FY 2009 Fixed Costs** - schedule which summarizes fixed costs for each State agency.
- Cost Allocation Plan** - detailed analysis and allocation of central services agencies based on FY 2007 data.

SECTION II
CERTIFICATION BY AN
AGENCY OFFICIAL

**STATE OF ALASKA
STATEWIDE COST ALLOCATION PLAN
CERTIFICATE OF COST ALLOCATION PLAN**

This is to certify that I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

- (1) All costs included in the FY 2009 Statewide Cost Allocation Plan to establish cost allocations or billings for the fiscal year beginning July 1, 2008 and ending June 30, 2009 are allowable in accordance with the requirements of OMB Circular A-87 (2 CFR Part 225), "*Cost Principles for State and Local Governments*," and the Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.
- (2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare that the foregoing is true and correct.

ORGANIZATION CHART

STATE OF ALASKA ORGANIZATION CHART

(As of June 30, 2007)

Elected by popular vote (includes Lieutenant Governor, elected on same ticket as Governor).
 Justices and Judges of the Courts nominated by Judicial Council, selected by Governor and thereafter subject to voter approval.
 Department heads appointed by Governor and confirmed by the Legislature.

FUNCTIONS OF STATE DEPARTMENTS

OFFICE OF THE GOVERNOR

The Governor is the Chief Executive of the State. The Office of the Governor has the overall responsibility for coordinating the activities of state agencies to ensure that all programs are consistent with Alaska's goals and objectives.

ADMINISTRATION

The Department of Administration centralizes services to provide more efficient, cost-effective support to state agencies and Alaskans. Services to state agencies include: Labor Relations and Personnel, Finance (payroll, accounting, disbursements), General Services (purchasing, supply, mail, managing public buildings), Risk Management, and Enterprise Technology Services (telecommunications and computer services).

The department also provides services to the public through the: Division of Motor Vehicles, Office of Public Advocacy, Public Defender Agency, Alaska Public Offices Commission, Alaska Oil and Gas Conservation Commission, Alaska Public Broadcasting Commission, Office of Administrative Hearings, and Violent Crimes Compensation Board.

COMMERCE, COMMUNITY AND ECONOMIC DEVELOPMENT

The Department of Commerce, Community, and Economic Development provides consumer protection through the regulation of banking, securities and corporations, insurance, professional occupations, and business licensing.

The department promotes economic development in the state through domestic and international promotion of tourism, Alaska seafood, timber, minerals, and other products, and encouragement of business and industrial development. It also administers several loan programs. The department fosters the development of independent local governments by providing technical, financial, and program assistance to communities. It also includes: the Alaska Seafood Marketing Institute, Regulatory Commission of Alaska, Alaska Industrial Development and Export Authority, Alaska Energy Authority, Aerospace Development Corporation, Alaska Community Services Commission, and Alaska Railroad Corporation.

CORRECTIONS

The Department of Corrections is responsible for public safety through the incarceration and supervision of offenders. The department operates 12 correctional facilities and jails that provide secure incarceration and appropriate rehabilitation programs for felons and misdemeanants; community residential centers; supervision and case management of probationers and parolees in the community; and oversight of 15 small community jails. Also included in the department is the Alaska Board of Parole, a quasi-judicial board that makes all parole related decisions.

EDUCATION AND EARLY DEVELOPMENT

The Department of Education and Early Development is responsible for Alaska's system of public education. The State Board of Education and Early Development is the executive board of the department. The board develops educational policy, promulgates regulations governing education, appoints the commissioner of Education and Early Development with the Governor's approval, and is the channel of communication between state government and the public for educational matters. Education policies are determined by the board and administered by the commissioner through department divisions. Programs administered include: public school funding, teacher certification, and student assessment. The department also operates Mt. Edgecumbe High School, the state's secondary boarding school program. The department administers the state libraries, archives, records and museum services, provides grants to the

arts community, and provides financial aid to post-secondary students through the Alaska Commission on Postsecondary Education.

ENVIRONMENTAL CONSERVATION

The Department of Environmental Conservation is the state's regulatory agency responsible for protection of the environment and protection of citizens from unsafe sanitary practices.

To accomplish these results, the department establishes protective standards; cleans-up and controls pollution to air, land and water; controls sanitary practices related to food, drinking water and solid waste; and enforces these controls. Services to communities include financial and technical assistance for upgrading water, sewage and solid waste, assistance meeting health-based standards for air quality, and positioning of oil spill response equipment.

Through partnerships with Alaska citizens, businesses, and communities, the department works to safely manage and reduce pollution and hazards to the environment and human health.

FISH AND GAME

The Department of Fish and Game's mission is to protect, maintain, and improve the fish, game, and aquatic plant resources of the state, and manage their use and development for the maximum benefit of the people of the state, consistent with the sustained yield principle mandated in the Alaska Constitution. The commissioner and the department conduct management and research functions necessary to support this mission.

The Boards of Fisheries and Game are responsible for adopting regulations to conserve and develop the state's fish and wildlife resources. The Commercial Fisheries Entry Commission is a quasi-judicial agency that promotes resource conservation and sustained yield management by regulating entry into Alaska's commercial fisheries. The department also includes the Exxon Valdez Oil Spill Trustee Council, which oversees restoration of the injured ecosystem through the use of the \$900 million civil settlement.

HEALTH AND SOCIAL SERVICES

The Department of Health and Social Services' mission is to promote and protect the health and well-being of Alaskans. To achieve that goal, the department focuses on developing, implementing and maintaining a system of health care and social services that balances the cost of, access to, and quality of care. In addition, the department fosters collaboration among stakeholders statewide to develop and maintain a strong health care and social services delivery system in Alaska.

The department's primary programs include: operation of the Alaska Veterans and Pioneers Homes, support services for seniors and disabled Alaskans; child protection and family preservation services; operation of youth detention facilities and assisting offenders and their families in developing skills to prevent crime; and providing basic supports for vulnerable individuals who are unable to provide for themselves. In addition, the department is committed to prevention of illness, health promotion and protection; overseeing community-based mental health and substance abuse services across the continuum of care (prevention, early intervention, treatment and recovery programs), including operation of the Alaska Psychiatric Institute; and provision of Medicaid services for low income and disabled Alaskans.

LABOR AND WORKFORCE DEVELOPMENT

The Department of Labor and Workforce Development is responsible for advancing opportunities for employment and insuring that employers provide safe and legal working conditions. The department is also responsible for employment services, unemployment insurance, adult basic education, job training, workers' compensation, the Fishermen's Fund, and vocational rehabilitation for people with disabilities. In addition, the department enforces laws and regulations dealing with occupational safety and health, mechanical inspections, and wage and hour administration; serves as the labor relations agency for public employment in the state; and collects, analyzes, and releases labor market and population statistics. Also included in the department are the Alaska Workforce Investment Board and the Alaska Vocational Technical Center.

LAW

The Department of Law is responsible for the prosecution and conviction of criminal offenders in Alaska to ensure safe communities. The department assists law enforcement agencies with criminal investigations, filing misdemeanor and felony charges; serves as legal advisor to grand juries; and represents the state in all phases of criminal trial and appellate proceedings. It also works in partnership with executive, legislative, and judicial agencies by providing legal advice and representing the state in all actions in which it is a party. Such actions include protecting Alaska's children and youth by handling child abuse, neglect, and delinquency cases expeditiously; resolving questions of state versus federal control of natural resources; ensuring that the state receives its correct share of oil and gas taxes and royalties; collecting money owed to the state by businesses and individuals for child support, fines, and other unpaid obligations; and defending the state against claims for personal injury and other damages.

MILITARY AND VETERANS AFFAIRS

The Department of Military and Veterans Affairs is responsible for the Alaska Army and Air National Guard, the Division of Homeland Security and Emergency Management, the Office of Veterans Affairs, the Alaska Military Youth Academy, and the Alaska State Defense Force and Alaska Naval Militia. The commissioner serves as the Adjutant General of the State of Alaska and exercises day to day command over the Alaska National Guard comprised of approximately 4,000 Army and Air guardsmen. The strategic mission includes the responsibility for protecting lives and property from terrorism and all other hazards, and to provide rapid recovery from all disasters through the Division of Homeland Security and Emergency Management. The department is also responsible for managing the Alaska Military Youth Academy, which is an accredited special purpose school offering the ChalleNGe and STARBASE programs to both high school and elementary school aged students. Lastly, the department serves as an advocate on issues affecting Alaska's veteran population.

NATURAL RESOURCES

The Department of Natural Resources manages all state-owned land, water and natural resources, except fish and game, but including fish habitat and passage. These resources include approximately 92.1 million acres of uplands; 60 million acres of tidelands, shorelands, and submerged lands; and 40,000 miles of coastline. Strategic missions include: develop, conserve, and enhance the natural resources of the State of Alaska; raise public awareness that Alaska's natural resources are the basic asset of our economy; and stimulate and encourage resource-based, value-added economic activity while conserving Alaska's wild and scenic value. The department is also responsible for determining the potential of geologic hazards to people and facilities in Alaska due to volcanic and seismic activity, and for maintenance and accessibility of the state's land records.

The department serves the state from offices located in 34 Alaskan communities, and encompasses the divisions of Agriculture, Forestry, Geological & Geophysical Surveys, Mining Land & Water, Oil & Gas, and Parks & Outdoor Recreation; the offices of Habitat Management and

Permitting, Project Management and Permitting, Mental Health Trust Land, and the Joint Pipeline Office; and the Natural Resource Conservation and Development Board. The department is responsible for the two largest oil and gas fields in North America; a park system that contains one-third of the nation's state park lands; 40% of the nation's fresh water; fire suppression management for over 134 million acres; forest resource management in two state forests totaling 2 million acres; mineral management involving 40,018 mining claims; and an agricultural program that encompasses 640 farms.

PUBLIC SAFETY

The Department of Public Safety is responsible for the enforcement of state laws including criminal and fish and wildlife protection laws, fire prevention, search and rescue, highway safety and alcoholic beverage laws; providing forensic crime laboratory services to law enforcement statewide; certifying police proficiency; providing basic police academy and specialized training to municipal and state law enforcement agencies; oversight of the Village Public Safety Officer Program; and assisting victims of domestic violence and sexual assault.

REVENUE

The Department of Revenue administers and enforces tax and charitable gaming laws; collects, invests, and manages state funds and public employee pension trust funds; administers the Permanent Fund Dividend, Shared Taxes and Child Support Services programs; administers licensing programs mandated by statute; issues state general obligation, revenue and lease debt, and authorizes certain agency debt. Other state entities associated with the department for administrative purposes are: Alaska Permanent Fund Corporation, Alaska Housing Finance Corporation, Alaska Housing Capital Corporation, Alaska Municipal Bond Bank Authority, Alaska Mental Health Trust Authority, Alaska Retirement Management Board, Alaska Natural Gas Development Authority, Northern Tobacco Securitization Corporation, and the State Bond Committee.

TRANSPORTATION AND PUBLIC FACILITIES

The Department of Transportation and Public Facilities is responsible for the planning, research, design, construction, maintenance, operation, and protection of all state transportation systems and many public facilities. This includes approximately 260 state-owned airports and seaplane bases, 6,000 miles of state roads, 700 buildings ranging from maintenance shops to state office complexes, and 47 ports and harbors. In addition, the department owns and operates the Alaska Marine Highway System, serving 31 Alaskan communities with connections to Bellingham, WA and Prince Rupert, BC. The department also owns and operates the State Equipment Fleet, which provides full maintenance support and replacement activities of 7,800 light- and heavy-duty vehicles and attachments for state departments, agencies and offices.

SECTION I: ALLOCATED COSTS

The central service costs listed in Exhibit A, attached, are approved on a fixed basis and may be included as part of the costs of the State/local departments and agencies indicated during your fiscal year ended June 30, 2009 for further allocation to Federal grants, contracts and other agreements performed at those departments and agencies.

SECTION II: BILLED COSTS

In addition to Section I, which provides for services furnished but not billed, the services listed below are furnished and billed to State/local departments and agencies.

1. Leasing Services Center
2. Alaska Public Building Fund
3. Risk Management
4. Legal Services
5. Legislative Audit
6. Building Maintenance Operations
7. Highway Equipment Working Capital Fund
8. Information Services Fund (Computer and Telecom. Services)
9. Archives and Record Management Services
10. Central Mail Services
11. Division of Finance - AKPay Data Processing
12. Division of Finance - AKSAS Data Processing
13. DOA Administration Hearing
14. Division of Retirement and Benefits
15. DOA Division of Personnel
16. DOA Cost Allocation Plan
17. DOA State Travel Office
18. ADA Coordination
19. Group Health and Life Benefits Fund
20. Unemployment Compensation Trust Fund
21. DOR - Treasury Division (effective July 1, 2008)

STATE/LOCALITY: State of Alaska

AGREEMENT DATE: December 23, 2008

SECTION III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. **LIMITATIONS:** (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under OMB Circular A-87. (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. **ACCOUNTING CHANGES:** This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from allocated cost to a billed cost. Failure to obtain approval may result in cost disallowances.

C. **FIXED AMOUNTS:** If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. **BILLED COSTS:** Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by OMB Circular A-87, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. **USE BY OTHER FEDERAL AGENCIES:** This Agreement was executed in accordance with the authority in OMB Circular A-87, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

Dear Ms. Garnero:

A copy of the Negotiation Agreement approving the central services cost allocation plan is attached. This Agreement reflects an understanding reached between your organization and a member of my staff concerning the central service costs that may be included as indirect costs in your departments and agencies that have Federal grants and/or contracts. Please have the Agreement signed by a duly authorized representative of your organization and return it to me BY FAX, retaining the copy for your files. We will reproduce and distribute the Agreement to the appropriate awarding organizations of the Federal Government for their use.

A cost allocation plan proposal together with supporting information are required to substantiate your claim for costs under grants and contracts awarded by the Federal Government. Thus, your next proposal based on actual costs for your fiscal year ending 06/30/08, is due in our office by 03/31/09.

Sincerely,

A handwritten signature in cursive script, appearing to read "Wallace Chan".

APPENDIX G
TAX COLLECTION ACTIVITY

STATE EMPLOYMENT SECURITY AGENCY TAX COLLECTION ACTIVITY DESCRIPTION OF UNIT OPERATION

The Employment Security Tax Unit is responsible for the collection of taxes from Alaska employers for Unemployment Insurance (UI) Tax and two state programs: the State Employment and Training Program (STEP) and the Alaska Training and Vocational Education Program (TVEP). The Tax Unit incurs costs directly related to UI, and costs that benefit both UI and state programs. Costs directly related to UI are recorded directly into a cost center established for UI on the state accounting system (AKSAS). Costs benefiting both UI and state programs are allocated/split between UI and state programs on the ratio by U.S. Department of Labor, currently 81% to UI and 19% to state programs.

Collection activities and processes of the Tax Unit were reviewed by the U.S. Department of Labor, Division of Cost Determination, soon after STEP began. After the review, a shared cost agreement was reached between the state and federal partners that the state portion of shared costs would be 19%. This agreement has been in place since 1994. On January 25, 2002, the Alaska Department of Labor and Workforce Development requested that the agreement to split common tax collection costs 81% UI and 19% state be reconfirmed. The U.S. Department of Labor, Employment and Training Administration, confirmed that the agreement is still valid and in effect.

For the last full year (FY 2009), the total cost was \$3,176,536. Of that amount, \$2,572,994, or 81%, was paid with UI Admin funds, \$301,771, or 9.5% was paid with STEP funds, and \$301,771, or 9.5% was paid with TVEP.

***UNEMPLOYMENT INSURANCE PENALTIES AND INTEREST
ACTIVITY***

STATE UNEMPLOYMENT INSURANCE AGENCY PENALTIES AND INTEREST ACTIVITY DESCRIPTION OF UNIT OPERATION

The Unemployment Insurance Benefit Payment Control Unit (BPC) is responsible for investigating Unemployment Insurance (UI) claims, detecting fraud, and assesses penalties associated with these claims. The State of Alaska assesses penalties and not interest when fraud and/or overpayments occur (AS 23.20.390). Penalties assessed for federal employees are recorded against the UI Trust and those for state employees are recorded against the state general fund. In order to isolate the costs of assessing and collecting penalties, the department first had to identify the costs associated with fraud. The department looked at the last three state fiscal years of cases and calculated that 15.87% of BPC's expenditures are related to fraud case management. In SFY2010, the total costs incurred by the BPC Unit is \$1,491,387, with \$236,683 attributable to fraud. To isolate further the costs of assessing and collecting penalties, the department analyzed the way investigators manage their cases to determine the methodology used in allocating these costs. Penalties are assessed when specific data elements are entered in the Benefit Audit, Reporting and Tracking System (BARTS). The process of assessing and generating collection letters is automated with the software enhancements made to the system. A daily batch run identifies and calculates the penalties for each individual claim and rolls the data in the UI database. Investigators use 31 screens when they manage fraud cases and 6 of those screens (19.35%) have data elements that must be entered in order for penalties to be assessed. Therefore, out of the \$236,683 attributable to fraud, 19.35% or \$45,798 are the costs associated with penalties. The methodology to allocate the costs between state versus federal will be based on the percentage of revenue recorded to each fund at the end of each state fiscal year. In SFY2009, the percentage of revenue from P&I recorded to the state general fund is 95.83%. That would mean that the state would need to absorb about \$43,888 of the cost. Once SFY2010 revenues are finalized, this percentage might change and will be reconciled similar to all other allocated costs in our department.

SUBJECT: Allocation of Costs of Assessing and Collecting Penalty and Interest under State Unemployment Compensation Laws

1. **Purpose.** To provide guidance to the states in determining and allocating the costs of assessing and collecting penalties and interest (P&I) that are collected under a state's unemployment compensation (UC) law and used for non-UC purposes.
2. **References.** Title III of the Social Security Act (SSA); 29 CFR 97.22; Office of Management and Budget (OMB) Circular No. A-87, "Cost Principles for State, Local and Indian Tribal Governments" (as revised May 10, 2004) at 2 CFR Part 225; Training and Employment Guidance Letter (TEGL) No. 6-05; and TEGL No. 4-06.
3. **Background.** All states assess P&I on delinquent employer UC taxes and deposit the amounts of P&I collected into state P&I funds. Some states also assess P&I on overpayments of UC resulting from fraud and deposit them into similar state funds. There are no Federal requirements regarding the use of these funds, and their use is controlled by state law. Based on information available to the Department of Labor (Department), each state has at least one P&I fund.

Following the issuance of TEGL No. 6-05, which addressed the allocation of state UC agency costs of collecting non-UC taxes, the Department received several inquiries as to the allocation of the costs of collecting P&I that is assessed on UC debts, but used at least in part for non-UC purposes. This TEGL explains that a cost allocation plan is required when the use of moneys in a P&I fund is not limited to UC purposes.

RESCISSIONS None	EXPIRATION DATE Continuing
----------------------------	--------------------------------------

4. **Federal law and cost principles.** Section 302(a), SSA, provides that the Secretary of Labor shall certify for payment to a state such amounts as the Secretary determines “to be necessary for the proper and efficient administration” of each state’s UC law. These payments are sometimes referred to as Title III grants. Further, Section 303(a)(8), SSA, provides that, as a condition of receiving a Title III grant, the state may expend its Title III grant “solely... for the proper and efficient administration” of the state’s UC law.

The Department’s regulations at 29 CFR 97.22(b) provide that, for purposes of determining allowable costs under a grant to a state (including the Title III grant), the Department will follow the cost principles in OMB Circular A-87, codified at 2 CFR part 225. Section C.3 of Attachment A of the Circular provides that –

(a) A cost is allocable to a particular cost objective if the goods or services involved are chargeable or assignable to such cost objective in accordance with relative benefits received.

* * *

(d) Where an accumulation of indirect costs will ultimately result in charges to a Federal award, a cost allocation plan will be required. . . .

5. **Application.**

- a. **In general.** In applying the cost principles in item 4 of this TEGl to Title III grants, a cost allocation plan must be developed whenever a state UC agency incurs costs for a “cost objective” unrelated to the administration of the UC program. Collection of moneys for deposit into a fund from which money may be withdrawn for non-UC purposes is such a cost objective. Therefore, whenever a state UC agency collects P&I on UC debts that are not used entirely for UC purposes, the state must obtain the cognizant Federal agency’s approval of its plan for allocating the costs of assessing, processing, and collecting the P&I, including postage costs. Cost allocation plans addressing P&I funds must be included with the state’s annual submission of its Indirect Cost Rate Proposal when those funds may be used for non-UC purposes.
- b. **P&I which *might* be used for UC purposes.** How P&I funds will be expended will generally not be known until after the funds are collected. As a result, a benefit received by the UC program, or non-UC program, will not be known in advance of collecting the P&I for the current fiscal year. The state’s cost allocation plan must match current fiscal year costs of collecting the P&I funds against current year obligations of P&I funds for all cost objectives (UC and non-UC) benefiting from the collection of P&I in the current fiscal year. Please note that when actual fiscal year data become available, the state must reconcile the cost allocation plan.
- c. **Use of non-UC grants and state financing.** Use of funds granted for administering the Wagner-Peyser Act and the Workforce Investment Act are restricted to activities in support of the specific purposes set forth in those Acts. Unlike Federal UC law, these

Acts do not authorize the collection of P&I on unpaid UC debts, even if the P&I revenues enhance program activities performed under either of these Acts. As a result, funds granted under these Acts may not under any circumstances be used to collect P&I.

Aside from any Federal limitations on the use of granted funds, states are otherwise free to determine how to finance the costs of collecting P&I, including using state general revenues or P&I funds.

6. Action Requested.

- a. Administrators should distribute this advisory to appropriate staff.
- b. States are to include separate cost allocation plans addressing P&I with their next annual submission of Indirect Cost Rate Proposals, when those funds may be used for non-UC purposes. The separate cost allocation plan will match the state's current fiscal year P&I revenues against current fiscal year P&I costs. As previously stated, these amounts may not be known until after the end of the State's fiscal year. Given this fact, as is the case with their annual submission of an Indirect Cost Rate Proposal, the State will have six months after the end of its fiscal year to assemble and submit the appropriate information to the Department. The Department may grant extensions of time as may be necessary and appropriate.

7. Inquiries. Please direct questions to the appropriate ETA Regional Office or the assigned cost negotiator in the Division of Cost Determination.

APPENDIX I
INCOME ELIGIBILITY VERIFICATION SYSTEM

INCOME ELIGIBILITY VERIFICATION SYSTEM

As the State Employment Security Agency (SESA) for the State of Alaska, the Alaska Department of Labor and Workforce Development (DLWD) operates the State's Income Eligibility Verification System (IEVS). The Department's Employment Security Division (ESD) operates the system in accordance with applicable sections of the Social Security Act (SSA). ESD operates the system and allows authorized agencies access to wage and unemployment compensation data maintained on the system. ESD is also authorized to acquire and maintain any information from state agencies identified in Section 1113 of the SSA.

- ❑ The following agencies are utilizing Alaska's Income and Eligibility Verification System pursuant to Sec. 1137 (42.U.S.C. 1320b-7):
 - Alaska Department of Health and Social Services (DHSS) - Electronic data access is provided "online" to DHSS. Benefiting DHSS administered programs include the Alaska Temporary Assistance Program (ATAP), Medicaid (ME), Adult Public Assistance (APA), Chronic and Acute Medical Assistance (CAMA), General Relief Assistance (GRA), Food Stamp Program (FS), and Energy Assistance (EA) Program.
 - Alaska Department of Revenue (DOR) - Electronic data access is provided "online" to DOR. The Child Support Enforcement Division of DOR utilizes the system.
 - Central Council of Tlingit and Haida Indian Tribes of Alaska (CCTHITA) - Electronic data access is provided via the provision of data sets automatically extracted and available to CCTHITA through connections with the Alaska Department of Administration's mainframe. CCTHITA administers Temporary Assistance to Needy Families (TANF) programs in southeast Alaska native communities in cooperation with DHHS.
 - Association of Village Council Presidents (AVCP) - Electronic data access is provided via the provision of data sets automatically extracted and available to AVCP through connections with the Alaska Department of Administration's mainframe. AVCP administers TANF programs in Bethel region native communities in cooperation with DHHS.
 - Other State Agencies - Any other state agencies authorized in SSA to receive data maintained on IEVS.
 - Social Security Administration (SSA) - Electronic data access is provided "online" to a limited number of SSA employees located within Alaska's borders.
 - ❑ Copies of written agreements with requesting departments and agencies utilizing the system are available upon request.
-

- ❑ DLWD does not recover any costs from requesting agencies for costs associated with the data acquisition, data entry, or maintenance and operation of IEVS. IEVS is maintained on the Department of Administration's (DOA) mainframe computer system. Data processing costs associated with online access and mainframe acquisition of data sets is billed directly to agencies by DOA.

DLWD has virtually eliminated costs to DLWD for provision of IEVS data to authorized agencies by allowing agencies either online access through DOA or by the provision of data sets available on the DOA mainframe computer system. Agencies with online access are linked to IEVS through authorized workstations. Agencies without online access may acquire data through connection with DOA's mainframe. A mainframe computer program automatically extracts data records from DLWD's database and places data sets in an accessible file automatically and on a scheduled routine. In this manner, agencies utilizing IEVS recover the data and incur all costs associated with acquisition of the data from IEVS.

- ❑ DLWD does not allocate or charge any costs associated with IEVS to other agencies. DOA computer related costs are charged by DOA directly to benefiting agencies.
- ❑ The only agency that DLWD has a separate agreement with for tape matching services is the Alaska Department of Revenue (DOR), Tax Division. States are required to share wage and unemployment compensation records with the U.S. Internal Revenue Service (IRS) for the purposes of the Federal Unemployment Tax Act. An agreement is not required. IRS issues a summons for records.

DLWD's agreement with DOR is to supply wage data for the purpose of verifying the Alaska payroll reported on the apportionment schedule of the Alaska Corporation Net Income Tax Returns required by Alaska Statute 43.20. Data sharing is authorized by AS 23.20.110(a). A copy of the agreement is enclosed.

- ❑ As previously stated, DLWD has recovered no funds from other agencies related to IEVS.
